Statewide Contract for Lidar and Radar Speed Detection Equipment Solicitation # 5400012373

Contract Period: May 25, 2017 – May 24, 2022

THIS IS A MANDATORY STATEWIDE CONTRACT

Use by state governmental bodies (as defined in Section 11-35-310(18)), which includes most state agencies, is mandatory except under limited circumstances, as provided in Section 11-35-310(35).

Political subdivisions and municipalities are encouraged to use these contracts but are not required.

PRICING

The Contract prices will be the *maximum price* the Contractor can charge. The Contractor may also offer volume discounts to governmental entities issuing purchase orders for high quantities. When discounts are offered, all other contract terms and conditions remain unchanged.

DELIVERY

Unless otherwise specified herein, all items shall be delivered no later than thirty days after contractor's receipt of the purchase order unless it is prearranged and acceptable to the using agency. If the using governmental unit requests delivery sooner than the time specified, contractor may invoice the ordering entity any additional shipping charges approved by the ordering entity on the purchase order.

DELIVERY, STORAGE AND HANDLING

Contractor must provide all RADAR and LIDAR speed detection equipment and accessories in the manufacturer's original, unopened packages bearing manufacturer's name and label.

FACTORY TEST

Each unit and assembly shall undergo extensive testing prior to shipment from the factory. These tests shall encompass all aspects and functions of the equipment from component to unit entirely. All test procedures and standards shall be as prescribed by NHTSA Technical Report. An operational test report shall be furnished with each unit.

OPERATIONAL MANUALS

Unless otherwise specified, contractor shall provide **one** operational manual for each item acquired unless using agency is willing to accept an electronic version.

REQUIRED ACCESSORIES

Devices will come with factory calibration certificate, all antenna cables, hardware, and any other necessary accessories to mount the devices in or on a police vehicle as applicable (**all types of vehicles including motorcycles**). **Pricing for these items are included in the price on the contract page.**

WARRANTY

Equipment Service Life

All equipment covered by these specifications and any resultant contracts shall have a minimum service life of ten (10) years from date of delivery to the purchaser. The supplier shall guarantee replacement parts availability from the supplier and/or authorized distributor for this service life period.

Equipment & Parts Warranty

The supplier shall guarantee repair or replacement of any equipment or part thereof that fails in operation during normal and proper use within one (1) year from date of purchaser's receipt due to defects in design, material or workmanship, consummation of final acceptance and payment notwithstanding. These replacements shall be of no cost to the purchaser. The cost of installation of these replacements, including shipping and delivery, shall be borne by the supplier for the period of warranty.

Any equipment or part replaced under the provisions of this warranty becomes the property of the supplier. If the supplier desires the defective equipment or part returned, the supplier shall pay all transportation charges for the return. If the supplier does not specifically request return of such replaced parts within thirty (30) days from date of replacement, the equipment or parts become the property of the purchaser.

Replacement parts shall be regularly stocked by the supplier and/or authorized distributor. Delay in purchaser's receipt of replacement parts shall not exceed ten (10) consecutive days from supplier or distributor's receipt of order.

The supplier shall supply the purchaser, free of charge for the service life of the equipment, with all data, drawings and specifications of modifications, plans or experiments by which the equipment may be improved or modernized.
