ORGANIZATIONAL ASSESSMENT & OPTIMIZATION STUDY FOR C.M.D.

REQUEST FOR QUALIFICATIONS

The Chester Metropolitan District requests a Statement of Qualifications (SOQ) from interested firms to prepare an overall Organization Assessment & Optimization Study of the CMD. Several major industrial customers have announced they are closing & C-D anticipates a loss of revenue over \$300,000 annually, creating a budget shortfall. The purpose of the study is to identify cost savings areas that could be implemented without a significant impact to service or regulatory compliance, with a goal of preparing a five year plan for achieving a more balanced budget. It is anticipated that the study will focus on assessment of the operations & maintenance activities; however, a holistic review of potential cost savings areas should be conducted. CMD has budgeted \$25,000 for this study.

Interested firms should submit the following information in the SOQ:

Section 1: Firm Profile: Provide a general statement of introduction to the firm & its engineering & utility management capabilities.

Section 2: Related Experience: Provide the firms experience & expertise in executing similar projects. This should include a minimum of four related projects with client references & contact information.

Section 3: Project Team: Identify the key project team members, including the Project Manager, & a description of their qualifications with emphasis on experience directly related to this study.

Section 4: Project Approach & Scope of Services: Describe your approach to the project & the scope of services to be provided within the established project budget. Provide a proposed schedule for the proposed scope of services.

The SOQ shall be limited to a maximum of 15 pages single-sided & 1 single-sided cover letter. Interested firms should submit a total of six copies to the Chester Metropolitan District no later than 3:00 pm on September 11, 2006. SOQ should be clearly marked & mailed or delivered to:
