MAXIMUM CONTRACT PERIOD - ESTIMATED (Jan 2006)

Start date: 01/01/2016 End date: 12/31/2020. Dates provided are estimates only. Any resulting contract will begin on the date specified in the notice of award. See clause entitled "Term of Contract - Effective Date/Initial Contract Period". [01-1040-1]

The **initial** contract term will commence on January 1, 2016 and expire 12:00 midnight December 31, 2018, unless extended for an additional period. The contract may be extended at the end of the initial contract period unless PEBA elects not to extend the contract. Extensions may be less than, but will not exceed, two (2) additional one (1) year periods.

It is the intent of the State of South Carolina, S.C. Public Employee Benefit Authority (PEBA), in accordance with all requirements stated herein or attached hereto, to solicit proposals for Pharmacy Benefit Management Services for the State Health Plan (Plan). The contract will be between PEBA and the Pharmacy Benefit Manager. PEBA is seeking proposals based upon the following parameters:

Commercial Plan: The Commercial Plan will provide pharmacy coverage for all non-Medicare participants in the State Health Plan, MUSC Pilot Plan, all Medicare primary participants who have opted out of the Indirect Employer Group Waiver Plan (EGWP) with Wrap Plan, and Medicare primary participants enrolled in the Savings Plan. Administrative services shall be based on the current prescription drug plan and shall be based on a self-funded, transparent financial pricing arrangement. Under this arrangement, the State will receive the guaranteed manufacturer payment amounts as proposed by the Contractor in response to this Request for Proposal, in addition to all monies from pharmaceutical manufacturers that are described as revenue sources by the Contractor and are attributable to the utilization of the State's pharmacy benefit program. The commercial plan consists of:

- State Health Plan –Standard (includes membership in both Standard and Medicare Supplement plans). This is a grandfathered ACA compliant plan. The Plan's prescription drug benefit operates as a "Drug Card," with the drug program carved out from the major medical provisions of the Plan. Co-payments, effective January 1, 2015, are as follows: Tier 1 (generic drugs), \$9 co-pay/prescription retail (30 day supply); \$22 co-pay/prescription mail order (63-90 day supply); Tier 2 (Preferred brand drugs), \$38 co-pay/prescription retail (30 day supply); \$95 co-pay/prescription mail order (63-90 day supply); and, Tier 3 (Non-preferred brand drugs) \$63 co-pay/prescription retail (30 day supply); \$158 co-pay/prescription mail order (63-90 day supply). There is no annual deductible for prescription drugs, and there is a \$2500/person annual co-payment maximum under this program. There is a "pay-the-difference" policy in place, in which the benefit payable for a brand drug with a generic equivalent is limited to what is payable for the generic; any pay-the-difference amount is not considered in calculating the annual co-payment maximum. Prior authorization is required for drugs in certain treatment categories under certain conditions.

- State Health Plan—Savings. The Savings Plan, in which prescription drugs are integrated with the medical plan. This is a grandfathered ACA compliant plan. The PBM’s role with this “100% co-pay” product is to calculate the allowance at the point of sale and inform the pharmacy, which would collect the full allowance from the patient. The PBM transmits, in real time, the allowance to the Plan’s medical claims administrator, currently Blue Cross Blue Shield of South Carolina, for application of deductible credit, and if appropriate, payment of claim to the patient.
- MUSC Health Plan Pilot. The MUSC plan includes only active employees working at MUSC (Medical University of South Carolina) and the MUHA (Medical University Hospital Authority) and their covered dependents. This plan is a non-grandfathered ACA-compliant with inclusion of covered preventive pharmacy services as mandated by the ACA, and includes the federally-defined MOOP (Maximum Out-of-Pocket) for members, requiring coordination with the medical claims administrator to accumulate the MOOP in real time. PEBA will provide the Contractor with the complete plan of covered benefits no later than October 1 prior to the effective plan year. The claims administrator for this plan is Blue Cross Blue Shield of South Carolina.

PEBA will participate in the Retiree Drug Subsidy (RDS) program for those Medicare-eligible retirees who opt out of the Indirect EGWP with Wrap Plan. These members will be enrolled in the Commercial Plan.

Indirect EGWP with Wrap Plan: The Indirect EGWP with Wrap Plan (Indirect EGWP + Wrap) will provide pharmacy benefits for all Medicare primary participants covered by the State Health Plan. Administrative services for Medicare eligible participants include the use of an Indirect Employer Group Waiver Plan to provide Standard Medicare Part D benefits and a Wrap plan that will provide coverage such that members have access to all benefits offered to members enrolled in the commercial plan. Coverage under the Wrap plan should mirror the commercial plan including co-pay amounts, the “pay-the-difference” policy and utilization management. Both the Indirect EGWP and Wrap products will be self-funded, transparent pricing arrangements (as described above).

PEBA will make one (1) award to one (1) Offeror. The award will be made to the highest ranked, responsive and responsible Offeror whose offer is determined to be the most advantageous to the State. Selection will be at the sole discretion of PEBA.

INTRODUCTION

PEBA was established by the South Carolina General Assembly on July 1, 2012, as part of the retirement reform legislation, Act No. 278. The Employee Insurance Program (EIP) and the South Carolina Retirement Systems were incorporated into the S.C. Public Employee Benefit Authority (PEBA).

PEBA is responsible for managing the state of South Carolina’s insurance benefits program. Participating entities (all state agencies, school districts, and those eligible local governments who have chosen to participate) must offer to all their eligible employees the entire package of available state insurance benefits, and allow individual employees to refuse all or any part of the benefits package. The health, dental, basic life and basic long term disability plans are the core benefits that participating entities must provide for each employee by paying a minimum contribution for each plan. Some of the employee-pays-all plans include Dental Plus, Optional and Dependent Life Insurance, Supplemental Long Term Disability, MoneyPlus (the state’s flexible benefits program), and the State Vision Plan. Health, Dental, Dental Plus, and the State Vision Plan benefits are available to retirees and survivors.

The State Health Plan (or Plan) is a self-funded health plan for active and retired employees of approximately 681 state agencies, school districts, and participating local governments. As of January 2015, 256,375 subscribers are enrolled in the Plan, with a total of 447,240 participants insured by the Plan, including subscribers, spouses, and children. Catamaran currently serves as Pharmacy Benefits Manager for the State under a contract that commenced January 1, 2013 and the initial term will expire 12:00 midnight December 31, 2015.

In Plan year 2014 the State Health Plan paid \$641,931,667.16 in prescription drug claims (\$25,560,057.13 occurred through mail service, and \$616,371,610.03 through the retail network), with another \$128,982,824.81 in patient liability (co-pay or deductible). The prescription count in Plan year 2014 was 7,548,433. The Plan's prescription drug benefit operates as a "Drug Card," with the drug program carved out from the major medical provisions of the Plan. Co-payments, effective January 1, 2015, are as follows: Tier 1 (generic drugs), \$9 co-pay/prescription retail (30 day supply); \$22 co-pay/prescription mail order (63-90 day supply); Tier 2 (Preferred brand drugs), \$38 co-pay/prescription retail (30 day supply); \$95 co-pay/prescription mail order (63-90 day supply); and, Tier 3 (Non-preferred brand drugs) \$63 co-pay/prescription retail (30 day supply); \$158 co-pay/prescription mail order (63-90 day supply). There is no annual deductible for prescription drugs, and there is a \$2500/person annual co-payment maximum under this program. There is a "pay-the-difference" policy in place, in which the benefit payable for a brand drug with a generic equivalent is limited to what is payable for the generic; any pay-the-difference amount is not considered in calculating the annual co-payment maximum. Prior authorization is required for drugs in certain treatment categories under certain conditions. In 2014 the Plan paid \$26,997,141.87 for Mail at Retail which is 4.21% of total plan cost. The 60,908 Mail at Retail claims represent 0.81% of the total prescriptions.

As part of the State Health Plan, the State began offering a HSA-qualified "high-deductible health plan" option in January 2005, known as the Savings Plan, in which prescription drugs are integrated with the medical plan. The PBM's role with this "100% co-pay" product is to calculate the allowance at the point of sale and inform the pharmacy, which would collect the full allowance from the patient. The PBM transmits, in real-time, the allowance to the Plan's medical claims administrator, currently Blue Cross Blue Shield of South Carolina, for application of deductible credit, and if appropriate, payment of claim to the patient. Of the subscribers in the State Health Plan, 10,281 currently are enrolled in the Savings Plan.

In January 2014, the State began offering the MUSC Health Plan pilot to only active employees working at MUSC (Medical University of South Carolina) and the MUHA (Medical University Hospital Authority) and their covered dependents. This plan is a non-grandfathered ACA-compliant plan, with inclusion of covered preventive pharmacy services as mandated by the ACA, and includes the federally-defined MOOP (Maximum Out-of-Pocket) for members, requiring coordination with the medical claims administrator to accumulate the MOOP in real time. PEBA will provide the CONTRACTOR with the complete plan of covered benefits no later than October 1 prior to the effective plan year. The claims administrator for this plan is Blue Cross Blue Shield of South Carolina. As of January 2015, there are 8,972 currently enrolled in the MUSC Health Plan pilot, with a total of 17,397 participants insured by the Plan.

Proposals transmitted electronically or submitted via PEBA's facsimile machine will not be accepted.

RELEASE OF CLAIMS

If a fixed price is required, an Offer will be rejected if the total possible cost to the State cannot be determined. Offerors will not be given an opportunity to correct any material nonconformity. Any deficiency resulting from a minor informality may be cured or waived at the sole discretion of the Procurement Officer. [R.19-445.2070 and Section 11-35-1520(13)]

(c) Price Reasonableness: Any offer may be rejected if the Procurement Officer determines in writing that it is unreasonable as to price. [R. 19-445.2070].

(d) Unbalanced Bidding. The State may reject an Offer as nonresponsive if the prices bid are materially unbalanced between line items or subline items. A bid is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work, and if there is a reasonable doubt that the bid will result in the lowest overall cost to the State even though it may be the low evaluated bid, or if it is so unbalanced as to be tantamount to allowing an advance payment.

SUBMITTING CONFIDENTIAL INFORMATION (AUG 2002)

(An overview is available at www.procurement.sc.gov) For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the word "CONFIDENTIAL" every page, or portion thereof, that Offeror contends contains information that is exempt from public disclosure because it is either (a) a trade secret as defined in Section 30-4-40(a)(1), or (b) privileged and confidential, as that phrase is used in Section 11-35-410. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the words "TRADE SECRET" every page, or portion thereof, that Offeror contends contains a trade secret as that term is defined by Section 39-8-20 of the Trade Secrets Act. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the word "PROTECTED" every page, or portion thereof, that Offeror contends is protected by Section 11-35-1810. All markings must be conspicuous; use color, bold, underlining, or some other method in order to conspicuously distinguish the mark from the other text. Do not mark your entire response (bid, proposal, quote, etc.) as confidential, trade secret, or protected. If your response, or any part thereof, is improperly marked as confidential or trade secret or protected, the State may, in its sole discretion, determine it nonresponsive. If only portions of a page are subject to some protection, do not mark the entire page. By submitting a response to this solicitation or request, Offeror (1) agrees to the public disclosure of every page of every document regarding this solicitation or request that was submitted at any time prior to entering into a contract (including, but not limited to, documents contained in a response, documents submitted to clarify a response, and documents submitted during negotiations), unless the page is conspicuously marked "TRADE SECRET" or "CONFIDENTIAL" or "PROTECTED", (2) agrees that any information not marked, as required by these bidding instructions, as a "Trade Secret" is not a trade secret as defined by the Trade Secrets Act, and (3) agrees that, notwithstanding any claims or markings otherwise, any prices, commissions, discounts, or other financial figures used to determine the award, as well as the final contract amount, are subject to public disclosure. In determining whether to release documents, the State will detrimentally rely on Offeror's marking of documents, as required by these bidding instructions, as being either "Confidential" or "Trade Secret" or "PROTECTED". By submitting a response, Offeror agrees to defend, indemnify and hold harmless the State of South Carolina, its officers and employees, from every claim, demand, loss, expense, cost, damage or injury, including attorney's fees, arising out of or resulting from the State withholding information that Offeror marked as "confidential" or "trade secret" or "PROTECTED". Participants need to re-qualify to continue receiving the waiver. For participants enrolled in the Savings Plan option, there will be no patient liability at the point of sale. The co-pay waiver will apply at both retail and mail-order pharmacies. PEBA reserves the right to recall the vendor onsite in the event of ongoing problems. The account manager shall serve as the primary contact to respond to PEBA's needs, questions, and/or issues. The customer service manager shall serve as primary contact for customer inquiries from PEBA customer service.
2. The Contractor's Account Management Team shall meet with PEBA as necessary, but not less than quarterly, to review financial performance and service issues and to take corrective action as directed and approved by PEBA. One of the scheduled meetings shall consist of an annual review at PEBA's office in Columbia, SC, to review and summarize financial and clinical issues regarding the claims experience and financial performance of the Pharmacy Benefit Management program during the previous plan year. The Contractor shall also, during these meetings, assist PEBA in its ongoing review of PEBA prescription drug program, and advise PEBA to the following:
 - a. Follow-up to, and status of, any agreed upon corrective action resulting from any preceding meetings;

However, the Contractor must promptly notify the South Carolina Public Employee Benefit Authority of any changes in the law or regulations affecting pharmacy benefit management activities.

Liquidated damages will be assessed on the same schedule as measured unless otherwise agreed to in writing between PEBA and Contractor.

The Offeror can use the Undo function to unlock the cell only if changes have not been saved since the paste occurred.

Each of the Tabs (A-1 through A-9) described in this section must be completed in the MS Excel format in which it is provided (please contact the Procurement Officer, Georgia Gillens, for the excel format version).

B. Financial Proposal

1. Cover Letter

A cover letter shall be provided with the Offeror's Financial Proposal. This cover letter should bear the name and address of the Offeror, the title of this Request for Proposal and acknowledgement of receipt of any amendments to this Request for Proposal. In addition, the cover letter should provide a list of the additional clinical and/or administrative programs that are being offered to the State as a part of the Offeror's fixed, single, all-inclusive PMPM administrative fees (please see Part III, Scope of Work, Section A, #5(zz) and #5(aaa)). **Do not include any pricing for optional programs not included in the Offeror's fixed, single, all-inclusive PMPM administrative fee for Non-Medicare or Medicare primary participants.** The following statement shall be included in the cover letter:

I, _____, hereby certify that the financial proposal submitted in response to this Request for Proposal contains only this cover letter and a completed Tab A-10: Financial Proposal form. No pricing variables have been submitted in response to this Request for Proposal and Tab A-10: Financial Proposal has not been modified to include pricing variables. Furthermore, the fixed, single, all-inclusive PMPM administrative fees requested in Table I of Tab A-10: Financial Proposal include all costs associated with providing the State with all required services described in Part III, Scope of Work, Sections A through L. Any indication to the contrary that may appear in our proposal was inadvertent and should be ignored and not taken into consideration. Otherwise stated, Part III, Scope of Work, Section A through L requirements will be met fully, satisfactorily, and performed in their entirety, without exception of any sort, in a first class manner for the fixed, single, all-inclusive PMPM price proposed for at least the initial three (3) year term of the contract.

The cover letter should be brief and is required to be signed by an individual who is authorized to commit the Offeror to the services and requirements as stated in this Request for Proposal.

2. Offeror's Financial Proposal Response (Excel Doc)

Offerors shall complete Tab A-10 Financial Proposal in this section, entitled Offeror's Financial Proposal Response. Please contact the Procurement Officer, Georgia Gillens, for the excel format version. Offerors shall complete Tab A-9: Financial Proposal in accordance with the instructions described below and any additional instructions included at the top of Tab A-9. All cells which have been highlighted in yellow require a response from the Offeror. Response types throughout the documents include selecting from a pre-set drop down menu, entering a numerical value and/or submitting a detailed written response. If the cell includes a drop down menu, the Offeror shall not provide a response that is not provided in the drop down list.

The financial proposal must be signed by an officer of the company.

The tabs described in this section must be completed in the MS Excel format in which it is provided (please contact the Procurement Officer, Georgia Gillens, for the excel format version). Once the Offeror has completed the Tabs in this section, please print your final document and insert it in your Financial Proposal. The Financial Proposals shall be submitted in a sealed envelope labeled "Financial Proposal Documents". No information from the Financial Proposals should be included in the Technical Proposal.

Tab A-10: Financial Proposal

In Tab A-9, Offerors shall provide guarantees for pricing (as a percent off of AWP utilizing AWP as reported by Medi-Span), dispensing fees (as a dollar amount per script) and rebates (as a dollar amount per script). In addition, Offerors shall propose fully loaded Administrative Fees for the administration of the non-Medicare participant benefits and the administration of Medicare primary participants. Administrative Fees must be quoted on a per member per month (PMPM) basis.

Please note that the financial proposal submitted by the Offeror must be provided as a fixed, single, all-inclusive PMPM administrative fee which includes the cost of compliance with each of the items in Part III, Scope of Work, for Non-Medicare and Medicare-eligible participants. The State considers any proposal which includes any deviations from or caveats to Part III, Scope of Work, as unacceptable. In addition, financial proposals which are not submitted in accordance with the instructions of the Request for Proposal are also considered to be unacceptable.

1. Administrative fees shown in Tab A-10 are specific to PEBA. The administrative fees must be quoted on a fully-loaded basis, i.e., fees must include all direct and indirect costs, general and administrative overhead, purchasing burden, underwriting, actuarial related services and profit. Two (2) administrative fees must be quoted: (a) a fixed, single, all-inclusive PMPM administrative fee for Non-Medicare participants; and, (b) a fixed, single, all-inclusive PMPM administrative fee for Medicare primary participants. All administrative fees must be quoted on per member per month (PMPM) basis. No other fees or charges may be added to the contract after award, nor will the Contractor be compensated on any basis other than the applicable fully loaded per PMPM rate.
2. Your offer for claims processed at retail pharmacies must provide complete "pass-through" pricing. No "spread" pricing is permitted. The Plan shall obtain the benefit of your contractual pricing with pharmacies. In the Commercial Plan, patient liability shall be calculated on "Lesser of 2" logic, meaning the lesser of the copayment or the pharmacy's Usual and Customary charge. In the EGWP Plan, because of federal regulation, patient liability shall be calculated on "Lesser of 3" logic, meaning the lesser of the copayment, the pharmacy's Usual and Customary charge, or the contractual allowance. This also applies to mail order and specialty pricing guarantees if the Offeror does not own its mail order and specialty pharmacy. If a Offeror owns its mail order and/or the specialty pharmacy, the Offeror must meet pricing guarantees for those claims but pass through of actual acquisition cost of the pharmacy is not required.
3. The drug ingredient cost guarantees may NOT include consideration for the following: (a) claims that may be reimbursed based upon a pharmacy U&C price; (b) compounds; (c) savings associated with any drug utilization review program, which includes but is not limited to switching from brands to generics, prior authorization denials or concurrent reviews; (d) overages/savings from meeting guarantees for other pricing terms such as Rebates; or **(e) 50% drug discount from pharmaceutical manufacturers for brand drugs in the donut hole.**

The drug ingredient cost guarantees (discount percentages off AWP) offered in the table below must be expressed as a minimum guarantee for both brand and generic drugs. The AWP must be from Medispan and be the one associated with the actual NDC-11 submitted by the pharmacy and used to fill the prescription. Also, note that the actual published AWP will be used.

Single Source Generics will be included in the guarantees for generic drugs during the period of exclusivity.

The financial proposal evaluation will be based upon AWP as submitted by Medispan as of the dispense date of the prescription. The financial proposal is offered and reconciled in accordance with the following:

- a.) MAC at Retail and Mail
- b.) Non-MAC contract rate at Retail and Mail

The formula to be used to determine actual performance against the Contractor's quoted pricing guarantees shall be the ratio of the Total Ingredient (materials) Cost (net of the excluded items listed above, for all claims inclusive of Zero Balance Claims) to the undiscounted (gross) Average Wholesale Price (AWP) (net of the excluded items listed above, for all claims inclusive of Zero Balance claims).

4. In the event there are changes in the marketplace to the baseline measure used to guarantee the ingredient costs of drugs (e.g. elimination of AWP, change in calculation of AWP, etc.), the discounts will be adjusted accordingly to provide an equivalent price. The Contractor shall provide notice to PEBA and shall provide a means to independently evaluate whether the effective equivalent to the quoted AWP discount rate has been achieved. Any change in the marketplace that would require an adjustment to the pricing would require a contract modification.
5. The guaranteed minimum AWP discount shall be applicable to only the drug-type and place of service quoted. Prescriptions for specialty drugs sent to the mail order pharmacy shall be rerouted to a Specialty pharmacy to be filled by the specialty pharmacy and subject to the pricing guarantees provided for specialty drugs. Since each pricing guarantee is independent of the other pricing guarantees, any surplus in one pricing component cannot be applied to a deficit in another pricing category.
6. The guaranteed maximum average annual dispensing fee per claim that is processed at the retail pharmacies shall be based on paid claims NOT claims that are reversed, rejected or not billed to the client.
7. The guaranteed maximum average annual dispensing fee per claim that is processed at the mail and specialty pharmacies, if any, shall be a fixed amount per paid claim.
8. "Rebates" for purposes of your offer must provide complete pass through of all revenue you receive from outside sources related to PEBA's utilization or enrollment of programs, which includes but is not limited to Manufacturer Payments, Rebates, fees, discounts, grants or payments of any kind that are associated with the utilization of PEBA's pharmacy benefit program.
9. Along with complete pass through of "Rebates", you must provide a guaranteed minimum dollar amount per paid brand or generic prescription that PEBA will receive for "Rebates." The Contractor shall pay Rebates due no less frequently than quarterly. There must be an annual reconciliation between the guarantee and actual amount of Rebates paid.
10. With respect to the Indirect EGWP + WRAP, all federal funds, including direct subsidy and catastrophic reinsurance, and the 50% brand discounts from drug manufacturers for claims in the donut hole shall be passed through to the Plan.
11. Your fixed, single, all-inclusive administrative fees shall be quoted on a per member per month (PMPM) basis. The financial proposal will be based upon the information provided in Tab A-10: Financial Proposal. Offerors MUST not submit any supplemental pricing information or documents with their proposal.
12. Based on the information provided in this Request for Proposal, there will be no increases to quoted fees after the awarded vendor has been announced.

13. All costs that will be charged to PEBA for these services must be included on the exhibits in Tab A-10: Financial Proposal.

NOTE: It is not the normal practice of PEBA to solicit Best and Final Offers. Offerors should put their best foot forward with the initial proposal submission.

SUBMITTING REDACTED OFFERS (FEB 2007)

You are required to mark the original copy of your offer to identify any information that is exempt from public disclosure. You must do so in accordance with the clause entitled "Submitting Confidential Information." In addition, you must also submit one complete copy of your offer from which you have removed any information that you marked as exempt, i.e., a redacted copy. The information redacted should mirror in ever detail the information marked as exempt from public disclosure. The redacted copy should (i) reflect the same pagination as the original, (ii) show the empty space from which information was redacted, and (iii) be submitted on magnetic media. (See clause entitled "Magnetic Media Required Format.") Except for the redacted information, the CD must be identical to the original hard copy. Portable Document Format (.pdf) is preferred. EVALUATION FACTORS -- PROPOSALS (JAN 2006)

Offers will be evaluated using only the factors stated below. Evaluation factors are stated in the relative order of importance, with the first factor being the most important. Once evaluation is complete, all responsive offerors will be ranked from most advantageous to least advantageous.

AWARD CRITERIA

Proposals will be evaluated by a review panel on the basis of the following criteria. Evaluation criteria are stated in relative order of importance with the first criteria being the most important. Once evaluation is complete, all responsive Offerors shall be ranked from most advantageous to least advantageous in each of the Option(s) under consideration.

Award will be made to the highest ranked responsive, responsible Offeror whose offer is determined to be the most advantageous to the State.

- A. **Total Net Cost.** Ranking of financial proposals will be based on a simulated total net cost to PEBA, which will be calculated as the sum of the fixed, all-inclusive PMPM administrative fees and claims net of guaranteed rebates. The estimated claims cost will be based on the repayment of claims incurred during the period January 1, 2014 through December 31, 2014 using each Offeror's pricing guarantees quoted in Tab A-9 and the Offeror's submitted preferred, MAC and specialty drug lists (the Offeror with the lowest total net cost under each Option will receive all of the evaluation points assigned to the criterion of Total Net Cost. Points will be awarded proportionally to each of the other Offerors on the basis of the following formula ((lowest net cost amount / Offeror net cost amount) * assigned evaluation points).
- B. **Background and Qualifications.** The information submitted in response to Part V, Information For Offerors To Submit, Tab A-1 Background and Qualifications, will be used to evaluate this criterion.

CHANGES (JAN 2006)

[07-7B025-1]

CHANGE ORDERS

The procedure for change orders shall be as follows: Offerors have a duty to inform PEBA of any possible item that may affect cost in the Request for Proposal issued by PEBA. The failure to do so will result in the Contractor being responsible for any additional costs during the term of the contract due to the failure to inspect and advise. Additionally, under the applicable contract interpretation provisions, the Contractor agrees to defer to the reasonable interpretation of PEBA regarding PEBA's requirements. Also, if a requirement is presently known but not effective until some time during the contract, it should be reflected in the proposal price. If there is a new and necessary requirement, not reasonably within the scope of the specifications, and not known prior to the date the notice of the intent to award is issued, then a change order request may be submitted to PEBA. The change order should be submitted with a proposed price, and supported by sufficient detail for PEBA to evaluate the fairness of the price which shall include a comparison to the Contractor's original price proposal and a proposed implementation schedule. The Contractor bears the burden of establishing that the duty to inspect and advise does not apply or was complied with as well as the requirements of this provision for a change order are each established by clear and convincing evidence. Following submission of a change order proposal by the Contractor and a determination by PEBA that the change order is proper, the parties shall negotiate in good faith to agree on the price and schedule for the proposed change. If the negotiations are unsuccessful, PEBA will determine in good faith a reasonable price for the change order, and the Contractor may submit any difference in price for resolution pursuant to S.C. Code Section 11-35-4230. In no event will the Contractor withhold or delay services as the result of any dispute between the parties regarding a change order or any other matter.

The above requirements shall apply to any change orders, contract modifications, or other deviations to this agreement. Failure to receive the prior written and express approval of PEBA prior to implementing any changes to the requirements provided for hereunder, for which requests for extra or additional compensation are thereafter submitted by the Contractor to PEBA, shall impose no liability for payment upon PEBA and may be rejected by PEBA without recourse.

CISG (JAN 2006)

The parties expressly agree that the UN Convention on the International Sale of Goods shall not apply to this agreement. [07-7B030-1]

COMPLIANCE WITH LAWS (JAN 2006)

During the term of the contract, contractor shall comply with all applicable provisions of laws, codes, ordinances, rules, regulations, and tariffs. [07-7B035-1]

Unless waived by the Procurement Officer, a pre-performance conference between the contractor, state and Procurement Officer shall be held at a location selected by the state within five (5) days after final award, and prior to commencement of work under the contract. The responsibilities of all parties involved will be discussed to assure a meeting of the minds of all concerned. The successful contractor or his duly authorized representative shall be required to attend at contractor's expense.

[07-7B040-1]

CONTRACT INTERPRETATION

In the event there are any disagreements between the parties with regards to the application of this contract or the requirements of PEBA arising from any interpretation of the Request for Proposal, this contract, or otherwise, Contractor agrees to defer to the reasonable interpretations of PEBA as from time to time may be made by PEBA. This provision applies to all matters including those arising from disputes concerning whether Contractor is required to provide some service or item including scope of work issues and whether particular items or services were included in the scope of work agreed to by the parties in this contract or otherwise. In summary, if both parties have a reasonable interpretation regarding application of the contract, Contractor agrees to defer to PEBA's interpretation.

The above requirements shall apply to any change orders, contract modifications, or other deviations to this agreement. Failure to receive the prior written and express approval of PEBA prior to implementing any changes to the requirements provided for hereunder, for which requests for extra or additional compensation are thereafter submitted by the Contractor to PEBA, shall impose no liability for payment upon PEBA and may be rejected by PEBA without recourse.

(j) Prior to commencement of the work, the Contractor shall furnish the State with original certificates of insurance for every applicable policy effecting the coverage required by this clause. All certificates are to be received and approved by the Procurement Officer before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor's obligation to provide them. The State reserves the right to require complete, certified copies of all required insurance policies, including policy declarations and any endorsements required by this section, at any time.

(k) Should any of the above described policies be cancelled before the expiration date thereof, notice will be delivered in accordance with the policy provisions. In addition, the Contractor shall notify the State immediately upon receiving any information that any of the coverages required by this clause are or will be changed, cancelled, or replaced.

(l) Contractor hereby grants to the State and every applicable Using Governmental Unit a waiver of any right to subrogation which any insurer of said Contractor may acquire against the State or applicable Using Governmental Unit by virtue of the payment of any loss under such insurance as is required by this clause. Contractor agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation, but this provision applies regardless of whether or not the State or Using Governmental Unit has received a waiver of subrogation endorsement from the insurer.

(m) Any deductibles or self-insured retentions must be declared to and approved by the State. The State may require the Contractor to purchase coverage with a lower deductible or retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention. [07-7B058-1]

CONTRACTOR'S OBLIGATION -- GENERAL (JAN 2006)

The contractor shall provide and pay for all materials, tools, equipment, labor and professional and non-professional services, and shall perform all other acts and supply all other things necessary, to fully and properly perform and complete the work. The contractor must act as the prime contractor and assume full responsibility for any subcontractor's performance. The contractor will be considered the sole point of contact with regard to all situations, including payment of all charges and the meeting of all other requirements. [07-7B065-1]

DEFAULT (JAN 2006)

(a) (1) The State may, subject to paragraphs (c) and (d) of this clause, by written notice of default to the Contractor, terminate this contract in whole or in part if the Contractor fails to:

(i) Deliver the supplies or to perform the services within the time specified in this contract or any extension;

(ii) Make progress, so as to endanger performance of this contract (but see paragraph (a)(2) of this clause); or

(iii) Perform any of the other material provisions of this contract (but see paragraph (a)(2) of this clause).

(2) The State's right to terminate this contract under subdivisions (a)(1)(ii) and (1)(iii) of this clause, may be exercised if the Contractor does not cure such failure within 10 days (or more if authorized in writing by the Procurement Officer) after receipt of the notice from the Procurement Officer specifying the failure.

(b) If the State terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Procurement Officer considers appropriate, supplies or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those supplies or services. However, the Contractor shall continue the work not terminated.

(c) Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the State in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Contractor.

(d) If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule.

(e) If this contract is terminated for default, the State may require the Contractor to transfer title and deliver to the State, as directed by the Procurement Officer, any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "manufacturing materials" in this clause) that the Contractor has specifically produced or acquired for the terminated portion of this contract. Upon direction of the Procurement Officer, the Contractor shall also protect and preserve property in its possession in which the State has an interest.

(f) The State shall pay contract price for completed supplies delivered and accepted. The Contractor and Procurement Officer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property; if the parties fail to agree, the Procurement Officer shall set an amount subject to the Contractor's rights under the Disputes clause. Failure to agree will be a dispute under the Disputes clause. The State may withhold from these amounts any sum the Procurement Officer determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.

(g) If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the termination had been issued for the convenience of the State. If, in the foregoing circumstances, this contract does not contain a clause providing for termination for convenience of the State, the contract shall be adjusted to compensate for such termination and the contract modified accordingly subject to the contractor's rights under the Disputes clause.

(h) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this contract.

[07-7B075-1]

ESTIMATED QUANTITY -- PURCHASES FROM OTHER SOURCES (JAN 2006)

The state may bid separately any unusual requirements or large quantities of supplies covered by this contract. [07-7B090-1]

ESTIMATED QUANTITY -- UNKNOWN (JAN 2006)

The total quantity of purchases of any individual item on the contract is not known. The State does not guarantee that the State will buy any specified item or total amount. The omission of an estimated purchase quantity does not indicate a lack of need but rather a lack of historical information. [07-7B095-1]

HIPAA COMPLIANCE/CONFIDENTIALITY

The Contractor shall keep confidential all information and material which has or will come into its possession or knowledge in connection with the performance of services under this contract; and will not release, use or disclose any such information without prior written consent of PEBA. In addition, the Contractor shall comply with all State and federal laws and regulations concerning the confidentiality of medical records, including, but not limited to, the Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996 (HIPAA), as amended, and any federal regulations concerning the confidentiality of alcohol and drug abuse patient records. Furthermore, the Contractor shall adhere to the provisions of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), as amended, and sign PEBA's Standard Business Associate Agreement, prior to award of the contract, which has been constructed in accordance with the requirements of the HIPAA Privacy and Security Rules and the requirements of the HITECH Act.

ILLEGAL IMMIGRATION (NOV. 2008)

(An overview is available at www.procurement.sc.gov) By signing your offer, you certify that you will comply with the applicable requirements of Title 8, Chapter 14 of the South Carolina Code of Laws and agree to provide to the State upon request any documentation required to establish either: (a) that Title 8, Chapter 14 is inapplicable to you and your subcontractors or sub-subcontractors; or (b) that you and your subcontractors or sub-subcontractors are in compliance with Title 8, Chapter 14. Pursuant to Section 8-14-60, "A person who knowingly makes or files any false, fictitious, or fraudulent document, statement, or report pursuant to this chapter is guilty of a felony, and, upon conviction, must be fined within the discretion of the court or imprisoned for not more than five years, or both." You agree to include in any contracts with your subcontractors language requiring your subcontractors to (a) comply with the applicable requirements of Title 8, Chapter 14, and (b) include in their contracts with the sub-subcontractors language requiring the sub-subcontractors to comply with the applicable requirements of Title 8, Chapter 14. [07-7B097-1]

INDEMNIFICATION – THIRD PARTY CLAIMS (NOV 2011)

Notwithstanding any limitation in this agreement, and to the fullest extent permitted by law, Contractor shall defend and hold harmless Indemnitees for and against any and all suits or claims of any character (and all related damages, settlement payments, attorneys' fees, costs, expenses, losses or liabilities) by a third party which are attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property arising out of or in connection with the goods or services acquired hereunder or caused in whole or in part by any act or omission of contractor, its subcontractors, their employees, workmen, servants, agents, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by an Indemnitee, and whether or not such claims are made by a third party or an Indemnitee; however, if an Indemnitee's negligent act or omission is subsequently determined to be the sole proximate cause of a suit or claim, the Indemnitee shall not be entitled to indemnification hereunder. Contractor shall be given timely written notice of any suit or claim. Contractor's obligations hereunder are in no way limited by any protection afforded under workers' compensation acts, disability benefits acts, or other employee benefit acts. This clause shall not negate, abridge, or reduce any other rights or obligations of indemnity which would otherwise exist. The obligations of this paragraph shall survive termination, cancellation, or expiration of the parties' agreement. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance. As used in this clause, "Indemnitees" means the State of South Carolina, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees. [07-7B100-2]

INDEMNIFICATION - THIRD PARTY CLAIMS – DISCLOSURE OF INFORMATION (OCT 2014)

(a) Without limitation, Contractor shall defend and hold harmless Indemnitees from and against any and all suits, claims, investigations, or fines (hereinafter "action") of any character (and all related damages, settlement payments, attorneys' fees, costs, expenses, losses or liabilities) by a third party which arise out of or in connection with a disclosure of government information (as defined in the clause titled Information Security) caused in whole or in part by any act or omission of contractor, its subcontractors at any tier, their employees, workmen, servants, agents, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by an Indemnitee, and whether or not such action is brought by a third party or an Indemnitee, but only if the act or omission constituted a failure to perform some obligation imposed by the contract or the law.

(b) Indemnitee must notify contractor in writing within a reasonable period of time after Indemnitee first receives written notice of any action. Indemnitee's failure to provide or delay in providing such notice will relieve contractor of its obligations under this clause only if and to the extent that such delay or failure materially prejudices contractor's ability to defend such action. Indemnitee must reasonably cooperate with contractor's defense of such actions (such cooperation does not require and is without waiver of an Indemnitee's attorney/client, work product, or other privilege) and, subject to Title 1, Chapter 7 of the South Carolina Code of Laws, allow contractor sole control of the defense, so long as the defense is diligently and capably prosecuted. Indemnitee may participate in contractor's defense of any action at its own expense. Contractor may not, without Indemnitee's prior written consent, settle, compromise, or

consent to the entry of any judgment in any such commenced or threatened action unless such settlement, compromise or consent (i) includes an unconditional release of Indemnitee from all liability related to such commenced or threatened action, and (ii) is solely monetary in nature and does not include a statement as to, or an admission of fault, culpability or failure to act by or on behalf of, an Indemnitee or otherwise adversely affect an Indemnitee. Indemnitee's consent is necessary for any settlement that requires Indemnitee to part with any right or make any payment or subjects Indemnitee to any injunction.

(c) Notwithstanding any other provision, contractor's obligations pursuant to this clause are without any limitation whatsoever. Contractor's obligations under this clause shall survive the termination, cancellation, rejection, or expiration of the contract. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance.

(d) "Indemnitee" means the State of South Carolina, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees. [07-7B102-1]

INFORMATION SECURITY (OCT 2014)

(a) *Definitions.* As used in this clause—

Clearing means removal of data from an information system, its storage devices, and other peripheral devices with storage capacity, in such a way that the data may not be reconstructed using common system capabilities (i.e., through the keyboard); however, the data may be reconstructed using laboratory methods.

Compromise means disclosure of information to unauthorized persons, or a violation of the security policy of a system in which unauthorized intentional or unintentional disclosure, modification, destruction, or loss of an object may have occurred. Without limitation, the term "compromise" includes copying the data through covert network channels, or copying the data to unauthorized media, or disclosure of information in violation of any obligation imposed by this contract.

Data means a subset of information in an electronic format that allows it to be retrieved or transmitted.

Government information means information (i) provided to Contractor by, or generated by Contractor for, the using governmental unit, or (ii) acquired or accessed by Contractor as a result of performing the work. Without limiting the foregoing, government information includes any information that Contractor acquires or accesses by software or web-based services, which includes, without limitation, any metadata or location data. Government information excludes unrestricted information.

Information means any communication or representation of knowledge such as facts, statistics, or opinions, in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual.

Information system means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information.

Intrusion means an unauthorized act of bypassing the security mechanisms of a system.

Media means physical devices or writing surfaces including but not limited to magnetic tapes, optical disks, magnetic disks, large scale integration memory chips, and printouts (but not including display media, e.g., a computer monitor, cathode ray tube (CRT) or other (transient) visual output) onto which information is recorded, stored, or printed within an information system.

Public information means any specific information, regardless of form or format, that the State has actively and intentionally disclosed, disseminated, or made available to the public. Information is not public information solely because it may be subject to inspection pursuant to an unfulfilled public records request.

Safeguarding means measures or controls that are prescribed to protect information.

Software means any computer program acquired, accessed, or used by the Using Governmental Unit or a third party pursuant to or as a result of this contract.

Third party means any person or entity other than the Using Governmental Unit, the Contractor, or any subcontractors at any tier.

Unrestricted information means (1) public information acquired other than through performance of the work, (2) information acquired by Contractor prior to contract formation, (3) information incidental to your contract administration, such as financial, administrative, cost or pricing, or management information, and (4) any ideas, concepts, know-how, methodologies, processes, technologies, techniques which Contractor develops or learns in connection with Contractor's performance of the work.

Voice means all oral information regardless of transmission protocol.

Web-based service means a service accessed over the Internet and acquired, accessed, or used by the using governmental unit or a third party pursuant to or as a result of this contract, including without limitation, cloud services, software-as-a-service, and hosted computer services.

(b) *Safeguarding requirements and procedures.* The Contractor shall apply the following basic safeguarding requirements to protect government information from unauthorized access and disclosure:

(1) Protecting information on public computers or Web sites: Do not process government information on public computers (e.g., those available for use by the general public in kiosks, hotel business centers) or computers that do not have access control. Government information shall not be posted on Web sites that are publicly available or have access limited only by domain/Internet Protocol restriction. Such information may be posted to web pages that control access by user ID/password, user certificates, or other technical means, and that provide protection via use of security technologies. Access control may be provided by the intranet (versus the Web site itself or the application it hosts).

(2) Transmitting electronic information. Transmit email, text messages, blogs, and similar communications that contain government information using technology and processes that provide the best level of security and privacy available, given facilities, conditions, and environment.

(3) Transmitting voice and fax information. Transmit government information via voice and fax only when the sender has a reasonable assurance that access is limited to authorized recipients.

(4) Physical and electronic barriers. Protect government information by at least one physical and one electronic barrier (e.g., locked container or room, login and password) when not under direct individual control.

(5) Sanitization. At a minimum, clear information on media that have been used to process government information before external release or disposal. Overwriting is an acceptable means of clearing media in accordance with National Institute of Standards and Technology 800–88, Guidelines for Media Sanitization, at http://csrc.nist.gov/publications/nistpubs/800-88/NISTSP800-88_with-errata.pdf.

(6) Intrusion protection. Provide at a minimum the following protections against intrusions and compromise:

(i) Current and regularly updated malware protection services, e.g., anti-virus, antispyware.

(ii) Prompt application of security-relevant software upgrades, e.g., patches, service packs, and hot fixes.

(7) Transfer limitations. Transfer government information only to those subcontractors that both require the information for purposes of contract performance and provide at least the same level of security as specified in this clause.

(c) *Subcontracts.* Any reference in this clause to Contractor also includes any subcontractor at any tier. Contractor is responsible for, and shall impose by agreement the limitations and restrictions of this clause on, any other person or entity that contractor authorizes to take action related to government information.

(d) *Other contractual requirements regarding the safeguarding of information.* This clause addresses basic requirements and is subordinate to any other contract clauses or requirements to the extent that it specifically provides for enhanced safeguarding of information or information systems. [07-7B104-1]

INFORMATION SECURITY – DATA LOCATION (OCT 2014)

Contractor is prohibited from accessing, processing, transmitting, or storing government information, as defined in the clause titled Information Security, outside the continental United States. This obligation is a material requirement of this contract. [07-7B106-1]

INFORMATION USE AND DISCLOSURE (OCT 2014)

Except to the extent necessary for performance of the work, citizens should not be required to share information with those engaged by the government in order to access services provided by the government and such information should be used by those engaged by the government only to the extent necessary to perform the work acquired; accordingly, this clause addresses basic requirements for the Contractor's use and disclosure of government information, which expressly includes, but is not limited to, information provided by or obtained from the citizens. Anonymizing information does not resolve the foregoing concern. This clause should be broadly interpreted to effectuate this intent. Absent express reference to this clause, this clause supersedes any other clause to the extent of any inconsistency unless and to the extent the other clause provides greater protection for government information.

(a) *Definitions.* The following terms shall have the meanings set out in the clause titled Information Security: “**compromise**,” “**government information**,” “**information**,” “**public information**,” “**software**,” “**third party**,” “**unrestricted information**,” and “**web-based service**.”

(b) *Legal mandates.* Contractor shall be permitted to use, disclose, or retain government information to the limited extent necessary to comply with any requirement imposed on Contractor by law. If it is necessary for Contractor to use, disclose, or retain government information in order to comply with a law, Contractor shall provide using governmental unit with written notice, including a description of the circumstances and applicable law, in advance of such use, disclosure or retention except to the extent prohibited by law.

(c) *Flow down.* Any reference in this clause to Contractor also includes any subcontractor at any tier. Contractor is responsible for, and shall impose by agreement the limitations and restrictions of this clause on, any other person or entity that contractor authorizes to take action related to government information.

(d) *Collecting Information.* Contractor must gather and maintain government information only to the minimum extent necessary to accomplish the work.

(e) *Rights, Disclosure and Use.* Except as otherwise expressly provided in this solicitation, Contractor agrees NOT to either (1) use or disclose government information, or (2) retain government information after termination or expiration of this contract. Contractor acquires no rights in any government information except the limited rights to use, disclose and retain the government information in accordance with the terms of this solicitation. To the extent reasonably necessary to perform the work, Contractor may: (i) disclose government information to persons having a need-to-know (e.g., subcontractors); and (ii) use (including access, process, transmit, and store) and maintain the government information itself. Before disclosing government information to a subcontractor or third party, Contractor shall give the using governmental unit detailed written notice regarding the reason for disclosure and the identity and location of the recipient. The notice shall be provided no later than fifteen (15) business days in advance of the disclosure.

(f) *Return.* Notwithstanding the using governmental unit's failure to perform or the pendency of a dispute, Contractor agrees to promptly destroy and return to the using governmental unit all government information in its possession upon written request of using governmental unit (provided that, if the contract has not expired or been terminated, Contractor shall be excused from the performance of any work reasonably dependent on Contractor's further access to such government information).

(g) *Privacy Policy & Applicable Laws.* Without limiting any other legal or contractual obligations imposed by this contract or the law, Contractor shall (a) comply with its own privacy policies and written privacy statements relevant to the work, and (b) comply with (1) all laws applicable to Contractor regarding government information, and (2) all laws and standards identified in the clause entitled Information Use and Disclosure – Standards.

(h) *Safeguarding Information.* Without limiting any other legal or contractual obligations, Contractor agrees to implement and maintain reasonable and appropriate administrative, physical, and technical safeguards (including without limitation written policies and procedures) for protection of the security, confidentiality, and integrity of the government information in its possession. Upon request by using governmental unit, Contractor shall confirm Contractor's compliance with this section in writing signed by Contractor's most senior executive responsible for information technology security.

(i) *Actions Following Disclosure.* Immediately upon discovery of a compromise or improper use of government information, Contractor shall take such action as may be necessary to preserve forensic evidence and eliminate the cause of the compromise or improper use. As soon as practicable, but no later than twenty-four hours after discovery, Contractor shall notify using governmental unit of the compromise or improper use, including a description of the circumstances of the use or compromise. As soon as practicable after discovery, Contractor shall undertake a thorough forensic investigation of any compromise or improper use and provide the using governmental unit all information necessary to enable the using governmental unit to fully understand the nature and extent of the compromise or improper use. With regard to any compromise or improper use of government information, Contractor shall: (1) provide any notification to third parties legally required to be provided to such parties by Contractor, and if not (e.g., if legally required of the using governmental unit), Contractor shall reimburse using governmental unit for the cost of providing such notifications; (2) pay all costs and expenses for at least two years of identity theft monitoring services (including without limitation, credit monitoring) and identity theft restoration services for any such affected individuals receiving notice where such services are appropriate given the circumstances of the incident and the nature of the information compromised; (3) pay any related fines or

penalties imposed on the using governmental unit by a government authority, and (4) reimburse the Using Governmental Unit all costs reasonably incurred for communications and public relations services involved in responding to the compromise or improper use.

(j) *Survival & Remedy*. All the obligations imposed by this paragraph are material. The obligations of this section shall survive termination or expiration of the contract. Without limiting any rights the using governmental unit may have, and notwithstanding any other term of this contract, Contractor agrees that using governmental unit may have no adequate remedy at law for a breach of Contractor's obligations under this clause and therefore the using governmental unit shall be entitled to pursue equitable remedies in the event of a breach of this clause. [07-7B108-1]

INFORMATION USE AND DISCLOSURE – STANDARDS (OCT 2014)

To the extent applicable:

(a) Breach of security of state agency data; notification; rights and remedies of injured parties; penalties; notification of Consumer Protection Division, S.C. Code Ann. § 1-11-490.

(b) South Carolina Financial Identity Fraud and Identity Theft Protection Act (FIFITPA), 2008 Act 190, as amended. Solely for purposes of Section 39-1-90 of the South Carolina Code of Laws, as amended, Contractor is deemed to be the owner of government information, as defined herein, and Contractor agrees that the Using Governmental Unit is not a licensee.

(c) The South Carolina Family Privacy Protection Act of 2002, S.C. Code Ann. §§ 30-2-10, *et seq.*

(d) Personal Identifying Information Privacy Protection, S.C. Code Ann. §§ 30-2-310 *et seq.*

(e) Data Breach Notification, 2014 Act No. 286, § 117.117, as revised in any future annual appropriations act. [07-7B110-1]

INTELLECTUAL PROPERTY INFRINGEMENT (JAN 2006)

(a) Without limitation and notwithstanding any provision in this agreement, Contractor shall, upon receipt of notification, defend and indemnify the State, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees against all actions, proceedings or claims of any nature (and all damages, settlement payments, attorneys' fees (including inside counsel), costs, expenses, losses or liabilities attributable thereto) by any third party asserting or involving an IP right related to an acquired item. State shall allow Contractor to defend such claim so long as the defense is diligently and capably prosecuted. State shall allow Contractor to settle such claim so long as (i) all settlement payments are made by Contractor, and (ii) the settlement imposes no non-monetary obligation upon State. State shall reasonably cooperate with Contractor's defense of such claim.

(b) In the event an injunction or order shall be obtained against State's use of any acquired item, or if in Contractor's opinion, the acquired item is likely to become the subject of a claim of infringement or violation of an IP right, Contractor shall, without in any way limiting the foregoing, and at its expense, either: (1) procure for State the right to continue to use, or have used, the acquired item, or (2) replace or modify the acquired item so that it becomes non-infringing but only if the modification or replacement does not adversely affect the specifications for the acquired item or its use by State. If neither (1) nor (2), above, is practical, State may require that Contractor remove the acquired item from State, refund to State any charges paid by State therefor, and take all steps necessary to have State released from any further liability. (c) Contractor's obligations under this paragraph do not apply to a claim to the extent (i) that the claim is caused by Contractor's compliance with specifications furnished by the State unless Contractor knew its compliance with the State's specifications would infringe an IP right, or (ii) that the claim is caused by Contractor's compliance with specifications furnished by the State if the State knowingly relied on a third party's IP right to develop the specifications provided to Contractor and failed to identify such product to Contractor. (d) As used in this paragraph, these terms are defined as follows: "IP right(s)" means a patent, copyright, trademark, trade secret, or any other proprietary right. "Acquired item(s)" means the rights, goods, or services furnished under this agreement. "Specification(s)" means a detailed, exact statement of particulars such as a statement prescribing materials, dimensions, and quality of work. (e) Contractor's obligations under this clause shall survive the termination, cancellation, rejection, or expiration of this Agreement. [07-7B105-1]

INTERVENTION OF THIRD PARTY AND ASSISTANCE

In the event that the Contractor does not meet any single deliverable or any other requirement after three (3) attempts, including those specified in the warranty provisions herein, Contractor shall provide at its own expense, subject to prior approval by PEBA as to the identity of the entity performing the services, sufficient additional oversight and assistance as deemed appropriate by PEBA.

Furthermore, PEBA has the option to retain a third party with the financial responsibility for the third party to be paid by the Contractor. This includes, but is not limited to, quality assurance, quality control, and/or independent verification and validation services. Once deployed, these services shall remain in place for such time as PEBA, in its sole discretion, deems appropriate. These services will be at no additional expense to PEBA.

LAWSUIT NOTIFICATION AND COOPERATION

The Contractor shall notify PEBA of any class action lawsuits asserted or brought against the Contractor, which are pending or known to the Contractor as of the date of submission of the proposal as well as any asserted or brought against the Contractor after the date of submission of the proposal and prior to the termination of the contract. The Contractor also agrees to cooperate with PEBA and provide data, information, and documentation necessary to pursue litigation filed by or on behalf of PEBA against any party other than the Contractor.

LICENSES AND PERMITS (JAN 2006)

During the term of the contract, the Contractor shall be responsible for obtaining, and maintaining in good standing, all licenses (including professional licenses, if any), permits, inspections and related fees for each or any such licenses, permits and /or inspections required by the State, county, city or other government entity or unit to accomplish the work specified in this solicitation and the contract. [07-7B115-1]

OFFSHORE CONTRACTING PROHIBITED (OCT 2014)

No part of the resulting contract from this solicitation may be performed offshore of the United States by persons located offshore of the United State or by means, methods, or communications that, in whole or in part, take place offshore of the United States. [07-7B122-1]

OWNERSHIP OF MATERIAL

All data, material and documentation shared by the State with the Contractor, or generated by the Contractor or State pursuant to this contract, shall belong exclusively to the State. All data and other records entered into any database of the State or supplied to (and maintained by) the Contractor for and/or by the State are, and shall remain, the sole property of the State. Contractor shall not, without the State's written consent, copy or use such records except to carry out contracted work, and will not transfer such records to any other party not involved in the performance of this Contract, and will return all records to the State upon completion of the work hereunder.

All reports, bulletins, pamphlets, summaries, similar materials, lists of employees, retirees, or any other program, product, list, or other usable and useful information (including anything generally regarded as a "made for hire" product) shall become and remain the sole property of the State, including, but not limited to, all copyright protections and ownership and shall be released at no extra costs to the State at the termination of this contract.

Copyright or any other intellectual property right or ownership (copyright) of any preexisting items (items not specifically produced herein and which are in existence prior to the start of this contract) shall remain with the Contractor so long as the Contractor lists them not later than the start date of this contract. Failure of the Contractor to list any such materials in which the Contractor asserts a copyright will be interpreted to mean that the Contractor asserts no such ownership interests in any materials.

Any materials in which Contractor copyrighted contents are included, and subject to designation by the Contractor and agreement by the State, will bear the following notice: "Certain portions reprinted under license from _____, the copyright owner."

PRICE ADJUSTMENTS (JAN 2006)

(1) Method of Adjustment. Any adjustment in the contract price made pursuant to a clause in this contract shall be consistent with this Contract and shall be arrived at through whichever one of the following ways is the most valid approximation of the actual cost to the Contractor (including profit, if otherwise allowed):

- (a) by agreement on a fixed price adjustment before commencement of the pertinent performance or as soon thereafter as practicable;
- (b) by unit prices specified in the Contract or subsequently agreed upon;
- (c) by the costs attributable to the event or situation covered by the relevant clause, including profit if otherwise allowed, all as specified in the Contract; or subsequently agreed upon;
- (d) in such other manner as the parties may mutually agree; or,
- (e) in the absence of agreement by the parties, through a unilateral initial written determination by the Procurement Officer of the costs attributable to the event or situation covered by the clause, including profit if otherwise allowed, all as computed by the Procurement Officer in accordance with generally accepted accounting principles, subject to the provisions of Title 11, Chapter 35, Article 17 of the S.C. Code of Laws.

(2) Submission of Price or Cost Data. Upon request of the Procurement Officer, the contractor shall provide reasonably available factual information to substantiate that the price or cost offered, for any price adjustments is reasonable, consistent with the provisions of Section 11-35-1830.

[07-7B160-1]

PRICE ADJUSTMENT - LIMITED -- AFTER INITIAL TERM ONLY (JAN 2006)

Upon approval of the Procurement Officer, prices may be adjusted for any renewal term. Prices shall not be increased during the initial term. Any request for a price increase must be received by the Procurement Officer at least ninety (90) days prior to the expiration of the applicable term and must be accompanied by sufficient documentation to justify the increase. If approved, a price increase becomes effective starting with the term beginning after approval. A price increase must be executed as a change order. RELATIONSHIP OF THE PARTIES (JAN 2006)

Neither party is an employee, agent, partner, or joint venturer of the other. Neither party has the right or ability to bind the other to any agreement with a third party or to incur any obligation or liability on behalf of the other party. [07-7B205-1]

SECURITY FOR PERFORMANCE, DAMAGES

The Contractor shall supply security no later than August 1, 2015. The Contractor shall supply security in the form of cash, cash equivalent or an unconditional irrevocable standby letter of credit, on deposit in or issued by, respectively, a federal or state chartered bank with offices physically located in the State of South Carolina in the amount of one million dollars US (\$1,000,000.00) whereby funds are (1) pledged to the benefit of the State; (2) are not under the control of the Contractor; and (3) are payable to PEBA upon written demand to the holder.

This security is for the faithful performance of this contract between the State and Contractor and will further protect, indemnify and save harmless the State from all costs and damages by reason of the Contractor's default, breach or failure to satisfactorily perform the obligations outlined in this Request For Proposal, the Contractor's response thereto, and any amendments, modifications or change orders.

Not sooner than twelve (12) months following the commencement of performance, the Contractor may seek a reduction in the amount of the security and consideration for such a request will depend on Contractor's performance up to the time of the request and the time remaining under the contract. Further, any revenue or other yield generated by the security shall be owned by the Contractor and may be withdrawn periodically so long as then applicable minimum security amount is maintained.

In the event of any condition of breach or other circumstance attributable to the Contractor, PEBA shall have the right to draw against the security such sums as are necessary to make the State whole, or for such other sums as may become due to the State pursuant to Part VII, Item C., Indemnification, D., Intellectual Property Liability and Indemnification, M., Termination for Cause, N., Duties Upon Termination, and P., Warranty, including, but not limited to, the costs incurred to secure and compensate for substituted services of another entity made necessary by the breach. [07-78245-2]

TERMINATION FOR CAUSE

PEBA may cancel the Contract in whole or in part for cause in case of the Contractor's breach, default, negligence or other basis for termination for cause. In such instances, PEBA will provide the Contractor with notice of the basis for the termination in advance, if advance notice does not materially affect the interests of the State, and provide the Contractor an opportunity to cure the basis for termination. In instances where notice is provided, the length of the notice shall be determined on a case by case basis. PEBA may also provide suggestions for remedying the cause but this is at the sole discretion of PEBA. Therefore, in the event of a termination for cause there is no specific duty to provide ninety (90) days advance notice. Further, in the event of termination for cause PEBA reserves the right to purchase any or all items/services in default in the open market, charging the Contractor with any costs over and above the costs that would have applied had Contractor not been terminated. SHOULD SUCH CHARGE BE ASSESSED, NO SUBSEQUENT PROPOSALS OF THE DEFAULTING CONTRACTOR WILL BE CONSIDERED UNTIL THE ASSESSED CHARGE HAS BEEN SATISFIED.

Except for cause for termination of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the State in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Contractor.

The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this contract.

DUTIES UPON TERMINATION

Upon expiration or termination of the contract for any reason, the Contractor shall provide full cooperation to PEBA and any successor Contractor so that the transition to the State or a subsequent Contractor will be efficiently accomplished without any disruption in claims processing, claims payments, or services to participants and providers.

Within ten (10) working days following notice of termination of the contract, the Contractor shall deliver to PEBA a detailed transition plan, including all information regarding current operations requested by PEBA, that the State, in its sole discretion, feels is necessary to effectuate a smooth transition to a successor contractor.

No later than sixty (60) days before the end of the term of the contract, the Contractor shall provide any and all materials, data, records, databases, software and all other things in the Contractor's possession to the State or the successor Contractor at no additional cost to the State, including

- (1) all participants information received during the term of the contract,
- (2) pharmacy claims processed during the preceding twenty-four (24) months;
- (3) sufficient information and technical assistance on current operations to assure that the transition can be achieved without disruption of ongoing operations.

For thirty (30) days following the termination of the contract, the Contractor shall provide any continuing support and/or information to PEBA and the successor contractor necessary to complete the transition.

In the event that the State has not secured alternate sources for the supplies and/or services under this contract at the expiration of, or following termination of the contract for any reason, the Contractor agrees to continue to perform hereunder at the then applicable prices and terms until such alternate source is obtained and any transition period required to maintain continuity has been successfully completed.

Failure to supply such data within the time periods provided herein, shall result in accrual of liquidated damages against the Contractor of \$5000 per day for each day the data is delinquent beyond the time period specified, and the State shall be permitted to withdraw funds pursuant to Part VII, Item E. (Security for Performance, Damages).

TERMINATION FOR CONVENIENCE -- INDEFINITE DELIVERY / INDEFINITE QUANTITY CONTRACTS (JAN 2006)

Unless the termination so provides, a termination for convenience shall not operate to terminate any purchase orders issued prior to the effective date of termination. [07-7B255-1]

TERMINATION FOR CONVENIENCE (JAN 2006)

(1) Termination. The Procurement Officer may terminate this contract in whole or in part, for the convenience of the State. The Procurement Officer shall give written notice of the termination to the contractor specifying the part of the contract terminated and when termination becomes effective.

(2) Contractor's Obligations. The contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination the contractor will stop work to the extent specified. The contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. The contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The Procurement Officer may direct the contractor to assign the contractor's right, title, and interest under terminated orders or subcontracts to the State. The contractor must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so.

(3) Right to Supplies. The Procurement Officer may require the contractor to transfer title and deliver to the State in the manner and to the extent directed by the Procurement Officer: (a) any completed supplies; and (b) such partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (hereinafter called "manufacturing material") as the contractor has specifically produced or specially acquired for the performance of the terminated part of this contract. The contractor shall, upon direction of the Procurement Officer, protect and preserve property in the possession of the contractor in which the State has an interest. If the Procurement Officer does not exercise this right, the contractor shall use best efforts to sell such supplies and manufacturing materials in a accordance with the standards of Uniform Commercial Code Section 2-706. Utilization of this Section in no way implies that the State has breached the contract by exercise of the Termination for Convenience Clause.

(4) Compensation. (a) The contractor shall submit a termination claim specifying the amounts due because of the termination for convenience together with cost or pricing data required by Section 11-35-1830 bearing on such claim. If the contractor fails to file a termination claim within one year from the effective date of termination, the Procurement Officer may pay the contractor, if at all, an amount set in accordance with Subparagraph (c) of this Paragraph.

(b) The Procurement Officer and the contractor may agree to a settlement and that the settlement does not exceed the total contract price plus settlement costs reduced by payments previously made by the State, the proceeds of any sales of supplies and manufacturing materials under Paragraph (3) of this clause, and the contract price of the work not terminated;

(c) Absent complete agreement under Subparagraph (b) of this Paragraph, the Procurement Officer shall pay the contractor the following amounts, provided payments agreed to under Subparagraph (b) shall not duplicate payments under this Subparagraph:

(i) contract prices for supplies or services accepted under the contract;

(ii) costs reasonably incurred in performing the terminated portion of the work less amounts paid or to be paid for accepted supplies or services;

(iii) reasonable costs of settling and paying claims arising out of the termination of subcontracts or orders pursuant to Paragraph (2) of this clause. These costs must not include costs paid in accordance with Subparagraph (c)(ii) of this paragraph;

(iv) any other reasonable costs that have resulted from the termination. The total sum to be paid the contractor under this Subparagraph shall not exceed the total contract price plus the reasonable settlement costs of the contractor reduced by the amount of payments otherwise made, the proceeds of any sales of supplies and manufacturing materials under Subparagraph (b) of this Paragraph, and the contract price of work not terminated.

(d) Contractor must demonstrate any costs claimed, agreed to, or established under Subparagraphs (b) and (c) of this Paragraph using its standard record keeping system, provided such system is consistent with any applicable Generally Accepted Accounting Principles.

(5) Contractor's failure to include an appropriate termination for convenience clause in any subcontract shall not (i) affect the state's right to require the termination of a subcontract, or (ii) increase the obligation of the state beyond what it would have been if the subcontract had contained an appropriate clause.

[07-7B265-1]
