DISCLOSURE OF CONFLICTS OF INTEREST OR UNFAIR COMPETITIVE ADVANTAGE (FEB 2015)

You warrant and represent that your offer identifies and explains any unfair competitive advantage you may have in competing for the proposed contract and any actual or potential conflicts of interest that may arise from your participation in this competition or your receipt of an award. The two underlying principles are (a) preventing the existence of conflicting roles that might bias a contractor's judgment, and (b) preventing an unfair competitive advantage. If you have an unfair competitive advantage or a conflict of interest, the state may withhold award. Before withholding award on these grounds, an Offeror will be notified of the concerns and provided a reasonable opportunity to respond. Efforts to avoid or mitigate such concerns, including restrictions on future activities, may be considered. Without limiting the foregoing, you represent that your offer identifies any services that relate to either this solicitation or the work and that has already been performed by you, a proposed subcontractor, or an affiliated business of either. [02-2A047-2]

DEADLINE FOR SUBMISSION OF OFFER (JAN 2004)

Any offer received after the Procurement Officer of the governmental body or his designee has declared that the time set for opening has arrived, shall be rejected unless the offer has been delivered to the designated purchasing office or the governmental bodies mail room which services that purchasing office prior to the bid opening. [R.19-445.2070(H)] [02-2A050-1]

DRUG FREE WORK PLACE CERTIFICATION (JAN 2004)

DUTY TO INQUIRE (FEB 2015)

Offeror, by submitting an Offer, represents that it has read and understands the Solicitation and that its Offer is made in compliance with the Solicitation. Offerors are expected to examine the Solicitation thoroughly and should request an explanation of any ambiguities, discrepancies, errors, omissions, or conflicting statements in the Solicitation. Failure to do so will be at the Offeror's risk. All ambiguities, discrepancies, errors, omissions, or conflicting statements in the Solicitation shall be interpreted to require the better quality or greater quantity of work and/or materials, unless otherwise directed by amendment. Offeror assumes responsibility for any patent ambiguity in the Solicitation that Offeror does not bring to the State's attention. See clause entitled "Questions from Offerors." [02-2A070-2]

ETHICS CERTIFICATE (MAY 2008)

By submitting an offer, the Offeror certifies that the Offeror has and will comply with, and has not, and will not, induce a person to violate Title 8, Chapter 13 of the South Carolina Code of Laws, as amended (ethics act). The following statutes require special attention: Section 8-13-700, regarding use of official position for financial gain; Section 8-13-705, regarding gifts to influence action of public official; Section 8-13-720, regarding offering money for advice or assistance of public official; Sections 8-13-755 and 8-13-760, regarding restrictions on employment by former public official; Section 8-13-775, prohibiting public official with economic interests from acting on contracts; Section 8-13-790, regarding recovery of kickbacks; Section 8-13-1150, regarding statements to be filed by consultants; and Section 8-13-1342, regarding restrictions on contributions by contractor to candidate who participated in awarding of contract. The state may rescind any contract and recover all amounts expended as a result of any action taken in violation of this provision. If contractor participates, directly or indirectly, in the evaluation or award of public contracts, including without limitation, change orders or task orders regarding a public contract, contractor shall, if required by law to file such a statement, provide the statement required by Section 8-13-1150 to the procurement officer at the same time the law requires the statement to be filed. [02-2A075-2]

(b) Offers should be prepared simply and economically, providing a straightforward, concise description of Offeror's capabilities to satisfy the requirements of the Request for Proposal. Emphasis should be on completeness and clarity of content. (c) If your Offer includes any comment over and above the specific information requested in our Request for Proposal, you are to include this information as a separate appendix to your offer. Offers which include either modifications to any of the Request for Proposal's contractual requirements or an Offeror's standard terms and conditions may be deemed non-responsive and not considered for award.

QUESTIONS FROM OFFERORS (FEB 2015)

(a) Any prospective offeror desiring an explanation or interpretation of the solicitation, drawings, specifications, etc., must request it in writing. Questions regarding the original solicitation or any amendment must be received by the Procurement Officer no later than five (5) days prior to opening unless an earlier date is stated on the Cover Page. Label any communication regarding your questions with the name of the procurement officer, and the solicitation's title and number. Oral explanations or instructions will not be binding. [See R. 19-445.2042(B)] Any information given a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an Amendment to the solicitation, if that information is necessary for submitting offers or if the lack of it would be prejudicial to other prospective offerors. See clause entitled "Duty to Inquire." **We will not identify you in our answer to your question.** (b) The State seeks to permit maximum practicable competition. Offerors are urged to advise the Procurement Officer -- as soon as possible -- regarding any aspect of this procurement, including any aspect of the Solicitation that unnecessarily or inappropriately limits full and open competition. [See R. 19-445.2140] [02-2A095-2]

The State may cancel this solicitation in whole or in part. The State may reject any or all proposals in whole or in part. [SC Code Section 11-35-1710 & R.19-445.2065] [02-2A100-1]

RECEIPT OF PROPOSALS

PEBA will receive sealed proposals until 3:00 p.m. local time on the opening date shown. The submitting Offeror should have printed on the envelope or wrapping containing his proposal the Proposal Title specified on the Cover Page of this Request for Proposal (page 1) and the proposal opening date/time. PEBA assumes no responsibility for unmarked or improperly marked envelopes. All envelopes received showing the Request for Proposal title and opening date/time will be placed directly under locked security until the date and time of opening. Proposals transmitted electronically or submitted via PEBA's facsimile machine will not be accepted.

RELEASE OF CLAIMS

With the submission of a proposal, each Offeror agrees that it will not bring any claim or have any cause of action against PEBA based on any misunderstanding, failure by PEBA to properly convey the information, or failure by PEBA to provide the Offeror with pertinent information as intended by the Request for Proposal. Additionally, the Offeror, its officers, agents, or representatives waive and release PEBA and each and any entity, person, or other source providing any information concerning the Offeror, of any and all claims of any sort or variety whether in tort, contract or otherwise, whether known or unknown, regarding the Offeror's or subcontractor's past performance, products, services, personnel, reputation or its Subcontractors or any other information sought or obtained by PEBA, whether or not the information is relied on by PEBA. The Offeror agrees that it will assert no claims for proposal preparation costs arising from a protest, action or claim arising from the solicitation or award.

RESPONSIVENESS/IMPROPER OFFERS (JUN 2015)

- (a) Bid as Specified. Offers for supplies or services other than those specified will not be considered unless authorized by the Solicitation.
- (b) Multiple Offers. Offerors may submit more than one Offer, provided that each Offer has significant differences other than price. Each separate Offer must satisfy all Solicitation requirements. If this solicitation is an Invitation for Bids, each separate offer must be submitted as a separate document. If this solicitation is a Request for Proposals, multiple offers may be submitted as one document, provided that you clearly differentiate between each offer and you submit a separate cost proposal for each offer, if applicable.
- (c) Responsiveness. Any Offer which fails to conform to the material requirements of the Solicitation may be rejected as nonresponsive. Offers which impose conditions that modify material requirements of the Solicitation may be rejected. If a fixed price is required, an Offer will be rejected if the total possible cost to the State cannot be determined. Offerors will not be given an opportunity to correct any material nonconformity. Any deficiency resulting from a minor informality may be cured or waived at the sole discretion of the Procurement Officer. [R.19-445.2070 and Section 11-35-1520(13)]
- (d) Price Reasonableness: Any offer may be rejected if the Procurement Officer determines in writing that it is unreasonable as to price. [R. 19-445.2070].
- (e) Unbalanced Bidding. The State may reject an Offer as nonresponsive if the prices bid are materially unbalanced between line items or subline items. A bid is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work, and if there is a reasonable doubt that the bid will result in the lowest overall cost to the State even though it may be the low evaluated bid, or if it is so unbalanced as to be tantamount to allowing an advance payment.
- (f) **Do not submit bid samples or descriptive literature unless expressly requested.** Unsolicited bid samples or descriptive literature will not be examined or tested, will not be used to determine responsiveness, and will not be deemed to vary any of the provisions of the solicitation. S.C. Code Ann. Reg. 19-445.2077(D).

SUBMITTING CONFIDENTIAL INFORMATION (FEB 2015)

(An overview is available at www.procurement.sc.gov) For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the word "CONFIDENTIAL" every page, or portion thereof, that Offeror contends contains information that is exempt from public disclosure because it is either (a) a trade secret as defined in Section 30-4-40(a)(1), or (b) privileged and confidential, as that phrase is used in Section 11-35-410. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the words "TRADE SECRET" every page, or portion thereof, that Offeror contends contains a trade secret as that term is defined by Section 39-8-20 of the Trade Secrets Act. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the word "PROTECTED" every page, or portion thereof, that Offeror contends is protected by Section 11-35-1810. All markings must be conspicuous; use color, bold, underlining, or some other method in order to conspicuously distinguish the mark from the other text. Do not mark your entire response (bid, proposal, quote, etc.) as confidential, trade secret, or protected. If your response, or any part thereof, is improperly marked as confidential or trade secret or protected, the State may, in its sole discretion, determine it nonresponsive. If only portions of a page are subject to some protection, do not mark the entire page. By submitting a response to this solicitation or request, Offeror (1) agrees to the public disclosure of every page of every document regarding this solicitation or request that was submitted at any time prior to entering into a contract (including, but not limited to, documents contained in a response, documents submitted to clarify a response, and documents submitted during negotiations), unless the page is conspicuously marked "TRADE SECRET" or "CONFIDENTIAL" or "PROTECTED", (2) agrees that any information not marked, as required by these bidding instructions, as a "Trade Secret" is not a trade secret as defined by the Trade Secrets Act, and (3) agrees that, notwithstanding any claims or markings otherwise, any prices, commissions, discounts, or other financial figures used to determine the award, as well as the final contract amount, are subject to public disclosure. In determining whether to release documents, the State will detrimentally rely on Offeror's marking of documents, as required by these bidding instructions, as being either "Confidential" or "Trade Secret" or "PROTECTED". By submitting a response, Offeror agrees to defend, indemnify and hold harmless the State of South Carolina, its agencies, officers and employees, from every claim, demand, loss, expense, cost, damage or injury, including attorney's fees, arising out of or resulting from withholding information by the State of South Carolina or any of its agencies, that Offeror marked as "confidential" or "trade secret" or "PROTECTED". (All references to S.C. Code of Laws.) [02-2A125-2]

(c) If you are responding to more than one solicitation, submit each offer in a separate envelope or package. (d) Submit the number of copies indicated on the Cover Page. (e) Facsimile or e-mail offers, modifications, or withdrawals, will not be considered unless authorized by the Solicitation. [02-2A130-2]

Background – State ORP

Effective July 1, 2000, the State of South Carolina enacted legislation establishing a defined contribution State Optional Retirement Program. Statutory provisions for the State ORP may be found in Title 9, Chapter 20 of the South Carolina Code of Laws. The State ORP is a governmental 401(a) defined contribution retirement plan and meets the requirements for tax-favored treatment under the Internal Revenue Code.

Participation in the State ORP is available to employees of the State of South Carolina, as well as to those of public school districts and public colleges and universities within the State of South Carolina. Unless an eligible employee elects to join the State ORP within 30 days of being hired, he will become a member of the South Carolina

Retirement System (SCRS) defined benefit plan by default.

A participant of the State ORP must also elect a plan administrator upon enrollment, and mandatory employee and employer contributions to the State ORP are set by statute to equal those of SCRS members. The employee contribution, which is set at 8.16 percent of earnable compensation from July 1, 2015, to June 30, 2016, and a portion of the employer contribution equal to 5.00 percent of the employee's earnable compensation are deposited into the participant's account. By statute, the remaining portion of the employer contribution is remitted directly to PEBA and used to defray State ORP expenses.

By statute, the State ORP is required to have no fewer than four plan administrators. The State ORP is currently administered by MassMutual, MetLife Resources, TIAA-CREF, and VALIC under a contract that will expire June 30, 2018.

A participant may change his plan administrator during the open enrollment period each year (January 1 – March 1). If a participant changes from one plan administrator to another during the open enrollment period, he is not required to transfer his assets. Therefore, it is possible for a participant to have State ORP assets with more than one plan administrator. However, a participant may only contribute to a single plan administrator at any given time. A participant may elect to irrevocably join SCRS during the open enrollment period if, at any point during that open enrollment period, he has at least 12 months, but no more than 60 months, of participation in the State ORP. If a participant elects to join SCRS during an open enrollment period, the change is applied on April 1 of the same year.

There are approximately 237 employers whose employees are eligible to participate in the State ORP. Generally, participating employers operate independently from one another and receive their own employer-level reports from the plan administrators.

As of June 30, 2015, there were 41,676 accounts in the State ORP across all plan administrators, of which approximately 24,000 represented actively contributing participants. Total assets in the State ORP were approximately \$1.7 billion as of the same date. Of the total assets, approximately \$350 million is invested in annuity contracts that prohibit immediate plan sponsor-level liquidation. These assets may become more liquid over time as termination and liquidity provisions allow. Refer to Exhibit One (1) for further investment details.

The State ORP website, which is maintained by the State, may be found at www.retirement.sc.gov/orp.

Investment Structure – State ORP

All investment options shall comply with the provisions of the State ORP's Investment Policy Statement (IPS). Currently, the IPS allows plan administrators to offer no more than sixteen (16) core investment options. Refer to Exhibit Three (3) for further details, including a listing of approved asset classes.

Plan administrators currently propose their own investment options, which provides them with an opportunity for differentiation. The investment consultant reviews any proposed changes to the investment menu, and the State reserves the right, at its sole discretion, to add to, replace, or remove any of the investment options. A majority of the investments are mutual funds, and target date funds serve as the default investment option.

Beginning on January 1, 2016, investment advice, including a managed account service, will be available to all participants. As a result of the recent State ORP plan administration request for proposal, the investment options offered to participants will likely change considerably as of that date.

Beginning on January 1, 2016, all investment options that are available to receive contributions shall be fully liquid (i.e., available within five business days) at the participant level. This requirement pertains to transfers between these options, as well as distributions or rollovers out of the State ORP. However, if market conditions dictate, the State and plan administrators may implement mutually agreeable transfer restrictions as deemed necessary.

Background – Deferred Compensation Program

Statutory provisions for the Deferred Compensation Program may be found in Title 8, Chapter 23 of the South Carolina Code of Laws. The Deferred Compensation Program consists of the State of South Carolina Salary Deferral [401(k)] and Savings Profit Sharing Plan and Trust (401(k) Plan) and the State of South Carolina 457 Deferred Compensation Plan and Trust (457 Plan). The 401(k) Plan was established in 1985, and the 457 Plan was established in 1980. Both Plans are governmental defined contribution retirement plans and meet the requirements for tax-favored treatment under the Internal Revenue Code.

Participation in the Deferred Compensation Program is available to all employees of the State of South Carolina, as well as to those of public school districts and public colleges and universities within the State of South Carolina. Participation is also available to employees of any political subdivision (i.e., a city, county, or other local unit) in the State of South Carolina that adopts the terms of the Deferred Compensation Program. Participation is voluntary for employees. Participants may contribute to both Plans simultaneously and may choose from pretax and/or Roth deferral methods.

The Deferred Compensation Program is currently administered by Empower Retirement under a contract that will expire December 31, 2017.

There are approximately 720 employers that have adopted the Deferred Compensation Program. Generally, participating employers operate independently from one another and receive their own employer-level reports from the plan administrator.

As of June 30, 2015, there were 75,557 accounts in the 401(k) Plan, of which 32,162 represented actively contributing participants, and 23,550 accounts in the 457 Plan, of which 8,216 represented actively contributing participants. Total assets in the 401(k) Plan were approximately \$2.8 billion, and total assets in the 457 Plan were approximately \$900 million as of the same date. Of the total combined assets, approximately \$600 million is invested in 84-month certificates that prohibit immediate plan sponsor-level liquidation. These assets will become more liquid over time. Refer to Exhibit Five (5) for further investment details.

The Deferred Compensation Program website, which is maintained by the plan administrator, may be found at www.southcarolinadcp.com.

Investment Structure – Deferred Compensation Program

All investment options shall comply with the provisions of the Deferred Compensation Program's Investment Policy Statement. Currently, the investment menu consists of a series of lifecycle funds, fourteen (14) mutual funds, a stable value fund, and a self-directed brokerage option. An 84-month certificate investment option was discontinued effective January 1, 2015.

The investment consultant currently proposes any recommended changes to the investment menu, and the State reserves the right, at its sole discretion, to add to, replace, or remove any of the investment options. The investments are uniform across both Plans, and the majority of them are mutual funds. Target date funds serve as the default investment option, and investment advice, including a managed account service, is available to all participants.

All investment options that are available to receive contributions are fully liquid (i.e., available within five business days) at the participant level. This requirement pertains to transfers between these options, as well as distributions or rollovers out of the Deferred Compensation Program. However, if market conditions dictate, the State and the plan administrator may implement mutually agreeable transfer restrictions as deemed necessary.

Stable Value Fund

The Stable Value Fund (SVF) is managed by Great-West Capital Management, LLC, under a separate account structure. Refer to Exhibit Ten (10) for the SVF investment guidelines. As of June 30, 2015, the SVF market-to-book value ratio was 101.4%. On a quarterly basis, the plan administrator prepares a SVF report that contains characteristics of the fund, including a list of specific holdings.

84-Month Certificates

The 84-Month Certificates (Certificates) are no longer available to receive new or reinvested assets. Unless otherwise directed by the participant, assets from maturing Certificates will be invested in the most conservative target date fund. The plan administrator is responsible for any administration services related to the Certificates.

Goals and Objectives

The State intends to forge a strong partnership of trust and commonality with its investment consultant. Its primary goal is to promote and drive positive retirement outcomes for participants as a result of thoughtful plan design and effective education. The State is committed to holistically measuring and working to improve retirement readiness.

A high value is placed on the following:

 - Fosters strong, constructive working relationships with plan sponsor and plan administrators
 - Capitalizes on opportunities to learn, teach, and add value
3. Commitment to Technology:
 - Values information technology security and the protection of participant information
 - Demonstrates improvement in client service through technological enhancements

CHANGE ORDERS

The procedure for change orders shall be as follows: Offerors have a duty to inform PEBA of any possible item that may affect cost in the Request for Proposal issued by PEBA. The failure to do so will result in the Contractor being responsible for any additional costs during the term of the contract due to the failure to inspect and advise. Additionally, under the applicable contract interpretation provisions, the Contractor agrees to defer to the reasonable interpretation of PEBA regarding PEBA's requirements. Also, if a requirement is presently known but not effective until some time during the contract, it should be reflected in the proposal price. If there is a new and necessary requirement, not reasonably within the scope of the specifications, and not known prior to the date the notice of the intent to award is issued, then a change order request may be submitted to PEBA. The change order should be submitted with a proposed price, and supported by sufficient detail for PEBA to evaluate the fairness of the price which shall include a comparison to the Contractor's original price proposal and a proposed implementation schedule. The Contractor bears the burden of establishing that the duty to inspect and advise does not apply or was complied with as well as the requirements of this provision for a change order are each established by clear and convincing evidence. Following submission of a change order proposal by the Contractor and a determination by PEBA that the change order is proper, the parties shall negotiate in good faith to agree on the price and schedule for the proposed change. If the negotiations are unsuccessful, PEBA will determine in good faith a reasonable price for the change order, and the Contractor may submit any difference in price for resolution pursuant to S.C. Code Section 11-35-4230. In no event will the Contractor withhold or delay services as the result of any dispute between the parties regarding a change order or any other matter.

The above requirements shall apply to any change orders, contract modifications, or other deviations to this agreement. Failure to receive the prior written and express approval of PEBA prior to implementing any changes to the requirements provided for hereunder, for which requests for extra or additional compensation are thereafter submitted by the Contractor to PEBA, shall impose no liability for payment upon PEBA and may be rejected by PEBA without recourse.

CISG (JAN 2006)

The parties expressly agree that the UN Convention on the International Sale of Goods shall not apply to this agreement. [07-7B030-1]

The responsibilities of all parties involved will be discussed to assure a meeting of the minds of all concerned. [07-7B0401]

CONTRACT INTERPRETATION

In the event there are any disagreements between the parties with regards to the application of this contract or the requirements of PEBA arising from any interpretation of the Request for Proposal, this contract, or otherwise, Contractor agrees to defer to the reasonable interpretations of PEBA as from time to time may be made by PEBA. This provision applies to all matters including those arising from disputes concerning whether Contractor is required to provide some service or item including scope of work issues and whether particular items or services were included in the scope of work agreed to by the parties in this contract or otherwise. In summary, if both parties have a reasonable interpretation regarding application of the contract, Contractor agrees to defer to PEBA's interpretation.

The above requirements shall apply to any change orders, contract modifications, or other deviations to this agreement. Failure to receive the prior written and express approval of PEBA prior to implementing any changes to the requirements provided for hereunder, for which requests for extra or additional compensation are thereafter submitted by the Contractor to PEBA, shall impose no liability for payment upon PEBA and may be rejected by PEBA without recourse.

(c) If the work includes content for internet web sites or any publications or media advertisements, coverage must also include claims for actual or alleged infringement of intellectual property rights, invasion of privacy, as well as advertising, media and content offenses.

(d) If the work includes software, coverage must also include claims for intellectual property infringement arising out of software and/or content (with the exception of patent infringement and misappropriation of trade secrets)

(e) Coverage shall have limits no less than five million (\$5,000,000.00) dollars per occurrence and ten million (\$10,000,000.00) dollars aggregate.

(f) If the insurance required by this clause is procured on a form affording "claims-made" coverage, then (i) all limits stated above as "per occurrence" shall be understood to mean "per claim" or "per occurrence," as is consistent with the terms of the "claims-made" policy; and (ii) such claims-made insurance shall provide for a retroactive date no later than the date the contract is awarded.

(g) All terms of this clause shall survive termination of the contract and shall continue until thirty (30) days past the final completion of the work, including the performance of any warranty work. In addition, contractor shall maintain in force and effect any "claims-made" coverage for a minimum of two (2) years after final completion of all work or services to be provided hereunder. Contractor shall purchase an extended reporting period, or "tail coverage," if necessary to comply with the latter requirement.

(h) Every applicable Using Governmental Unit, and the officers, officials, employees and volunteers of any of them, must be covered as additional insureds on the policy or policies of insurance required by this clause.

(i) For any claims related to this contract, the insurance coverage required by this clause shall be primary insurance as respects the State, every applicable Using Governmental Unit, and the officers, officials, employees and volunteers of any of them. Any insurance or self-insurance maintained by the State, every applicable Using Governmental Unit, or the officers, officials, employees and volunteers of any of them, shall be excess of the Contractor's insurance and shall not contribute with it.

(j) Prior to commencement of the work, the Contractor shall furnish the State with original certificates of insurance for every applicable policy effecting the coverage required by this clause. All certificates are to be received and approved by the Procurement Officer before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor's obligation to provide them. The State reserves the right to require complete, certified copies of all required insurance policies, including policy declarations and any endorsements required by this section, at any time.

(k) Should any of the above described policies be cancelled before the expiration date thereof, notice will be delivered in accordance with the policy provisions. In addition, the Contractor shall notify the State immediately upon receiving any information that any of the coverages required by this clause are or will be changed, cancelled, or replaced.

(l) Contractor hereby grants to the State and every applicable Using Governmental Unit a waiver of any right to subrogation which any insurer of said Contractor may acquire against the State or applicable Using Governmental Unit by virtue of the payment of any loss under such insurance as is required by this clause. Contractor agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation, but this provision applies regardless of whether or not the State or Using Governmental Unit has received a waiver of subrogation endorsement from the insurer.

(m) Any deductibles or self-insured retentions must be declared to and approved by the State. The State may require the Contractor to purchase coverage with a lower deductible or retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention. [07-7B058-1]

CONTRACTOR'S OBLIGATION -- GENERAL (JAN 2006)

The contractor shall provide and pay for all materials, tools, equipment, labor and professional and non-professional services, and shall perform all other acts and supply all other things necessary, to fully and properly perform and complete the work. The contractor must act as the prime contractor and assume full responsibility for any subcontractor's performance. The contractor will be considered the sole point of contact with regard to all situations, including payment of all charges and the meeting of all other requirements. [07-7B065-1]

DEFAULT (JAN 2006)

(a) (1) The State may, subject to paragraphs (c) and (d) of this clause, by written notice of default to the Contractor, terminate this contract in whole or in part if the Contractor fails to:

(i) Deliver the supplies or to perform the services within the time specified in this contract or any extension;

(ii) Make progress, so as to endanger performance of this contract (but see paragraph (a)(2) of this clause); or

(iii) Perform any of the other material provisions of this contract (but see paragraph (a)(2) of this clause).

(2) The State's right to terminate this contract under subdivisions (a)(1)(ii) and (1)(iii) of this clause, may be exercised if the Contractor does not cure such failure within 10 days (or more if authorized in writing by the Procurement Officer) after receipt of the notice from the Procurement Officer specifying the failure.

(b) If the State terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Procurement Officer considers appropriate, supplies or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those supplies or services. However, the Contractor shall continue the work not terminated.

(c) The Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include:

(1) acts of God or of the public enemy, (2) acts of the State in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Contractor.

(d) If this contract is terminated for default, the State may require the Contractor to transfer title and deliver to the State, as directed by the Procurement Officer, any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "manufacturing materials" in this clause) that the Contractor has specifically produced or acquired for the terminated portion of this contract. Upon direction of the Procurement Officer, the Contractor shall also protect and preserve property in its possession in which the State has an interest.

(e) The State shall pay contract price for completed supplies delivered and accepted. The Contractor and Procurement Officer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property; if the parties fail to agree, the Procurement Officer shall set an amount subject to the Contractor's rights under the Disputes clause. Failure to agree will be a dispute under the Disputes clause. The State may withhold from these amounts any sum the Procurement Officer determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.

(f) If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the termination had been issued for the convenience of the State. If, in the foregoing circumstances, this contract does not contain a clause providing for termination for convenience of the State, the contract shall be adjusted to compensate for such termination and the contract modified accordingly subject to the contractor's rights under the Disputes clause.

(g) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this contract.

[07-7B075-1]

ESTIMATED QUANTITY -- PURCHASES FROM OTHER SOURCES (JAN 2006)

The state may bid separately any unusual requirements or large quantities of supplies covered by this contract. [07-7B090-1]

ESTIMATED QUANTITY -- UNKNOWN (JAN 2006)

The total quantity of purchases of any individual item on the contract is not known. The State does not guarantee that the State will buy any specified item or total amount. The omission of an estimated purchase quantity does not indicate a lack of need but rather a lack of historical information. [07-7B095-1]

HIPAA COMPLIANCE/CONFIDENTIALITY

The Contractor shall keep confidential all information and material which has or will come into its possession or knowledge in connection with the performance of services under this contract; and will not release, use or disclose any such information without prior written consent of PEBA. In addition, the Contractor shall comply with all State and federal laws and regulations concerning the confidentiality of medical records, including, but not limited to, the Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996 (HIPAA), as amended, and any federal regulations concerning the confidentiality of alcohol and drug abuse patient records. Furthermore, the Contractor shall adhere to the provisions of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), as amended, and sign PEBA's Standard Business Associate Agreement, prior to award of the contract, which has been constructed in accordance with the requirements of the HIPAA Privacy and Security Rules and the requirements of the HITECH Act.

ILLEGAL IMMIGRATION (NOV 2008)

(An overview is available at www.procurement.sc.gov) By signing your offer, you certify that you will comply with the applicable requirements of Title 8, Chapter 14 of the South Carolina Code of Laws and agree to provide to the State upon request any documentation required to establish either: (a) that Title 8, Chapter 14 is inapplicable to you and your subcontractors or sub-subcontractors; or (b) that you and your subcontractors or sub-subcontractors are in compliance with Title 8, Chapter 14. Pursuant to Section 8-14-60, "A person who knowingly makes or files any false, fictitious, or fraudulent document, statement, or report pursuant to this chapter is guilty of a felony, and, upon conviction, must be fined within the discretion of the court or imprisoned for not more than five years, or both." You agree to include in any contracts with your subcontractors language requiring your subcontractors to (a) comply with the applicable requirements of Title 8, Chapter 14, and (b) include in their contracts with the sub-subcontractors language requiring the sub-subcontractors to comply with the applicable requirements of Title 8, Chapter 14. [07-7B097-1]

INDEMNIFICATION – THIRD PARTY CLAIMS (NOV 2011)

Notwithstanding any limitation in this agreement, and to the fullest extent permitted by law, Contractor shall defend and hold harmless Indemnitees for and against any and all suits or claims of any character (and all related damages, settlement payments, attorneys' fees, costs, expenses, losses or liabilities) by a third party which are attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property arising out of or in connection with the goods or services acquired hereunder or caused in whole or in part by any act or omission of contractor, its subcontractors, their employees, workmen, servants, agents, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by an Indemnitee, and whether or not such claims are made by a third party or an Indemnitee; however, if an Indemnitee's negligent act or omission is subsequently determined to be the sole proximate cause of a suit or claim, the Indemnitee shall not be entitled to indemnification hereunder. Contractor shall be given timely written notice of any suit or claim. Contractor's obligations hereunder are in no way limited by any protection afforded under workers' compensation acts, disability benefits acts, or other employee benefit acts. This clause shall not negate, abridge, or reduce any other rights or obligations of indemnity which would otherwise exist. The obligations of this paragraph shall survive termination, cancellation, or expiration of the parties' agreement. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance. As used in this clause, "Indemnitees" means the State of South Carolina, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees. [07-7B100-2]

INDEMNIFICATION - THIRD PARTY CLAIMS – DISCLOSURE OF INFORMATION (FEB 2015)

(a) Without limitation, Contractor shall defend and hold harmless Indemnitees from and against any and all suits, claims, investigations, or fines (hereinafter "action") of any character (and all related damages, settlement payments, attorneys' fees, costs, expenses, losses or liabilities) by a third party which arise out of or in connection with a disclosure of government information (as defined in the clause titled Information Security) caused in whole or in part by any act or omission of contractor, its subcontractors at any tier, their employees, workmen, servants, agents, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by an Indemnitee, and whether or not such action is brought by a third party or an Indemnitee, but only if the act or omission constituted a failure to perform some obligation imposed by the contract or the law.

- (b) Indemnatee must notify contractor in writing within a reasonable period of time after Indemnatee first receives written notice of any action. Indemnatee's failure to provide or delay in providing such notice will relieve contractor of its obligations under this clause only if and to the extent that such delay or failure materially prejudices contractor's ability to defend such action. Indemnatee must reasonably cooperate with contractor's defense of such actions (such cooperation does not require and is without waiver of an Indemnatee's attorney/client, work product, or other privilege) and, subject to Title 1, Chapter 7 of the South Carolina Code of Laws, allow contractor sole control of the defense, so long as the defense is diligently and capably prosecuted. Indemnatee may participate in contractor's defense of any action at its own expense. Contractor may not, without Indemnatee's prior written consent, settle, compromise, or consent to the entry of any judgment in any such commenced or threatened action unless such settlement, compromise or consent (i) includes an unconditional release of Indemnatee from all liability related to such commenced or threatened action, and (ii) is solely monetary in nature and does not include a statement as to, or an admission of fault, culpability or failure to act by or on behalf of, an Indemnatee or otherwise adversely affect an Indemnatee. Indemnatee's consent is necessary for any settlement that requires Indemnatee to part with any right or make any payment or subjects Indemnatee to any injunction.
- (c) Notwithstanding any other provision, contractor's obligations pursuant to this clause are without any limitation whatsoever. Contractor's obligations under this clause shall survive the termination, cancellation, rejection, or expiration of the contract. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance.
- (d) "Indemnatee" means the State of South Carolina, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees. [07-7B102-1]

INFORMATION SECURITY - SAFEGUARDING REQUIREMENTS (FEB 2015)

(a) *Definitions.* As used in this clause—

Clearing means removal of data from an information system, its storage devices, and other peripheral devices with storage capacity, in such a way that the data may not be reconstructed using common system capabilities (i.e., through the keyboard); however, the data may be reconstructed using laboratory methods.

Compromise means disclosure of information to unauthorized persons, or a violation of the security policy of a system in which unauthorized intentional or unintentional disclosure, modification, destruction, or loss of an object may have occurred. Without limitation, the term "compromise" includes copying the data through covert network channels, or copying the data to unauthorized media, or disclosure of information in violation of any obligation imposed by this contract.

Data means a subset of information in an electronic format that allows it to be retrieved or transmitted

Government information means information (i) provided to Contractor by, or generated by Contractor for, the using governmental unit, or (ii) acquired or accessed by Contractor as a result of performing the work. Without limiting the foregoing, government information includes any information that Contractor acquires or accesses by software or web-based services, which includes, without limitation, any metadata or location data. Government information excludes unrestricted information.

Information means any communication or representation of knowledge such as facts, statistics, or opinions, in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual.

Information system means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information.

Intrusion means an unauthorized act of bypassing the security mechanisms of a system.

Media means physical devices or writing surfaces including but not limited to magnetic tapes, optical disks, magnetic disks, large scale integration memory chips, and printouts (but not including display media, e.g., a computer monitor, cathode ray tube (CRT) or other (transient) visual output) onto which information is recorded, stored, or printed within an information system.

Public information means any specific information, regardless of form or format, that the State has actively and intentionally disclosed, disseminated, or made available to the public. Information is not public information solely because it may be subject to inspection pursuant to an unfulfilled public records request.

Safeguarding means measures or controls that are prescribed to protect information.

Software means any computer program acquired, accessed, or used by the Using Governmental Unit or a third party pursuant to or as a result of this contract.

Third party means any person or entity other than the Using Governmental Unit, the Contractor, or any subcontractors at any tier.

Unrestricted information means (1) public information acquired other than through performance of the work, (2) information acquired by Contractor prior to contract formation, (3) information incidental to your contract administration, such as financial, administrative, cost or pricing, or management information, and (4) any ideas, concepts, know-how, methodologies, processes, technologies, techniques which Contractor develops or learns in connection with Contractor's performance of the work.

Voice means all oral information regardless of transmission protocol.

Web-based service means a service accessed over the Internet and acquired, accessed, or used by the using governmental unit or a third party pursuant to or as a result of this contract, including without limitation, cloud services, software-as-a-service, and hosted computer services.

(b) *Safeguarding requirements and procedures.* The Contractor shall apply the following basic safeguarding requirements to protect government information from unauthorized access and disclosure:

(1) Protecting information on public computers or Web sites: Do not process government information on public computers (e.g., those available for use by the general public in kiosks, hotel business centers) or computers that do not have access control. Government information shall not be posted on Web sites that are publicly available or have access limited only by domain/Internet Protocol restriction. Such information may be posted to web pages that control access by user ID/password, user certificates, or other technical means, and that provide protection via use of security technologies. Access control may be provided by the intranet (versus the Web site itself or the application it hosts).

(2) Transmitting electronic information. Transmit email, text messages, blogs, and similar communications that contain government information using technology and processes that provide the best level of security and privacy available, given facilities, conditions, and environment.

(3) Transmitting voice and fax information. Transmit government information via voice and fax only when the sender has a reasonable assurance that access is limited to authorized recipients.

(4) Physical and electronic barriers. Protect government information by at least one physical and one electronic barrier (e.g., locked container or room, login and password) when not under direct individual control.

(5) Sanitization. At a minimum, clear information on media that have been used to process government information before external release or disposal. Overwriting is an acceptable means of clearing media in accordance with National Institute of Standards and Technology 800-88, Guidelines for Media Sanitization, at http://csrc.nist.gov/publications/nistpubs/800-88/NISTSP800-88_witherrata.pdf.

(6) Intrusion protection. Provide at a minimum the following protections against intrusions and compromise:

(i) Current and regularly updated malware protection services, e.g., anti-virus, antispyware.

(ii) Prompt application of security-relevant software upgrades, e.g., patches, service packs, and hot fixes.

(7) Transfer limitations. Transfer government information only to those subcontractors that both require the information for purposes of contract performance and provide at least the same level of security as specified in this clause.

(c) *Subcontracts.* Any reference in this clause to Contractor also includes any subcontractor at any tier. Contractor is responsible for, and shall impose by agreement the limitations and restrictions of this clause on, any other person or entity that contractor authorizes to take action related to government information.

(d) *Other contractual requirements regarding the safeguarding of information.* This clause addresses basic requirements and is subordinate to any other contract clauses or requirements to the extent that it specifically provides for enhanced safeguarding of information or information systems. [07-7B104-1]

INFORMATION SECURITY – LOCATION OF DATA (FEB 2015)

Contractor is prohibited from accessing, processing, transmitting, or storing government information, as defined in the clause titled Information Security, outside the continental United States. This obligation is a material requirement of this contract. [07-7B106-1]

INFORMATION USE AND DISCLOSURE (FEB 2015)

Except to the extent necessary for performance of the work, citizens should not be required to share information with those engaged by the government in order to access services provided by the government and such information should be used by those engaged by the government only to the extent necessary to perform the work acquired; accordingly, this clause addresses basic requirements for the Contractor's use and disclosure of government information, which expressly includes, but is not limited to, information provided by or obtained from the citizens. Anonymizing information does not resolve the foregoing concern. This clause should be broadly interpreted to effectuate this intent. Absent express reference to this clause, this clause supersedes any other clause to the extent of any inconsistency unless and to the extent the other clause provides greater protection for government information.

(a) *Definitions.* The following terms shall have the meanings set out in the clause titled Information Security: “**compromise**,” “**government information**,” “**information**,” “**public information**,” “**software**,” “**third party**,” “**unrestricted information**,” and “**web-based service**.”

(b) *Legal mandates.* Contractor shall be permitted to use, disclose, or retain government information to the limited extent necessary to comply with any requirement imposed on Contractor by law. If it is necessary for Contractor to use, disclose, or retain government information in order to comply with a law, Contractor shall provide using governmental unit with written notice, including a description of the circumstances and applicable law, in advance of such use, disclosure or retention except to the extent prohibited by law.

(c) *Flow down.* Any reference in this clause to Contractor also includes any subcontractor at any tier. Contractor is responsible for, and shall impose by agreement the limitations and restrictions of this clause on, any other person or entity that contractor authorizes to take action related to government information.

(d) *Collecting Information.* Contractor must gather and maintain government information only to the minimum extent necessary to accomplish the work.

(e) *Rights, Disclosure and Use.* Except as otherwise expressly provided in this solicitation, Contractor agrees NOT to either (1) use or disclose government information, or (2) retain government information after termination or expiration of this contract. Contractor acquires no rights in any government information except the limited rights to use, disclose and retain the government information in accordance with the terms of this solicitation. To the extent reasonably necessary to perform the work, Contractor may: (i) disclose government information to persons having a need-to-know (e.g., subcontractors); and (ii) use (including access, process, transmit, and store) and maintain the government information itself. Before disclosing government information to a subcontractor or third party, Contractor shall give the using governmental unit detailed written notice regarding the reason for disclosure and the identity and location of the recipient. The notice shall be provided no later than fifteen (15) business days in advance of the disclosure.

(f) *Return.* Notwithstanding the using governmental unit's failure to perform or the pendency of a dispute, Contractor agrees to promptly destroy and return to the using governmental unit all government information in its possession upon written request of using governmental unit (provided that, if the contract has not expired or been terminated, Contractor shall be excused from the performance of any work reasonably dependent on Contractor's further access to such government information).

(g) *Privacy Policy & Applicable Laws.* Without limiting any other legal or contractual obligations imposed by this contract or the law, Contractor shall (a) comply with its own privacy policies and written privacy statements relevant to the work, and (b) comply with (1) all laws applicable to Contractor regarding government information, and (2) all laws and standards identified in the clause entitled Information Use and Disclosure – Standards.

(h) *Safeguarding Information.* Without limiting any other legal or contractual obligations, Contractor agrees to implement and maintain reasonable and appropriate administrative, physical, and technical safeguards (including without limitation written policies and procedures) for protection of the security, confidentiality, and integrity of the government information in its possession. Upon request by using governmental unit, Contractor shall confirm Contractor's compliance with this section in writing signed by Contractor's most senior executive responsible for information technology security.

(i) *Actions Following Disclosure.* Immediately upon discovery of a compromise or improper use of government information, Contractor shall take such action as may be necessary to preserve forensic evidence and eliminate the cause of the compromise or improper use. As soon as practicable, but no later than twenty-four hours after discovery, Contractor shall notify using governmental unit of the compromise or improper use, including a description of the circumstances of the use or compromise. As soon as practicable after discovery, Contractor shall undertake a thorough forensic investigation of any compromise or improper use and provide the using governmental unit all information necessary to enable the using governmental unit to fully understand the nature and extent of the compromise or improper use. With regard to any compromise or improper use of government information, Contractor shall: (1) provide any notification to third parties legally required to be provided to such parties by Contractor, and if not (e.g., if legally required of the using governmental unit), Contractor shall reimburse using governmental unit for the cost of providing such notifications; (2) pay all costs and expenses for at least two years of identity theft monitoring services (including without limitation, credit monitoring) and identity theft restoration services for any such affected individuals receiving notice where such services are appropriate given the circumstances of the incident and the nature of the information compromised; (3) pay any related fines or penalties imposed on the using governmental unit by a government authority, and (4) reimburse the Using Governmental Unit all costs reasonably incurred for communications and public relations services involved in responding to the compromise or improper use.

(j) *Survival & Remedy.* All the obligations imposed by this paragraph are material. The obligations of this section shall survive termination or expiration of the contract. Without limiting any rights the using governmental unit may have, and notwithstanding any other term of this contract, Contractor agrees that using governmental unit may have no adequate remedy at law for a breach of Contractor's obligations under this clause and therefore the using governmental unit shall be entitled to pursue equitable remedies in the event of a breach of this clause. [07-7B108-1]

INFORMATION USE AND DISCLOSURE – STANDARDS (FEB 2015)

To the extent applicable:

(a) Breach of security of state agency data; notification; rights and remedies of injured parties; penalties; notification of Consumer Protection Division, S.C. Code Ann. § 1-11-490.

(b) South Carolina Financial Identity Fraud and Identity Theft Protection Act (FIFITPA), 2008 Act 190, as amended. Solely for purposes of Section 39-1-90 of the South Carolina Code of Laws, as amended, Contractor is deemed to be the owner of government information, as defined herein, and Contractor agrees that the Using Governmental Unit is not a licensee.

(c) The South Carolina Family Privacy Protection Act of 2002, S.C. Code Ann. §§ 30-2-10, *et seq.*

(d) Personal Identifying Information Privacy Protection, S.C. Code Ann. §§ 30-2-310 *et seq.*

(e) Data Breach Notification, 2014 Act No. 286, § 117.117, as revised in any future annual appropriations act. [07-7B110-1]

INTELLECTUAL PROPERTY INFRINGEMENT (JAN 2006)

(a) Without limitation and notwithstanding any provision in this agreement, Contractor shall, upon receipt of notification, defend and indemnify the State, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees against all actions, proceedings or claims of any nature (and all damages, settlement payments, attorneys' fees (including inside counsel), costs, expenses, losses or liabilities attributable thereto) by any third party asserting or involving an IP right related to an acquired item. State shall allow Contractor to defend such claim so long as the defense is diligently and capably prosecuted. State shall allow Contractor to settle such claim so long as (i) all settlement payments are made by Contractor, and (ii) the settlement imposes no non-monetary obligation upon State. State shall reasonably cooperate with Contractor's defense of such claim.

(b) In the event an injunction or order shall be obtained against State's use of any acquired item, or if in Contractor's opinion, the acquired item is likely to become the subject of a claim of infringement or violation of an IP right, Contractor shall, without in any way limiting the foregoing, and at its expense, either: (1) procure for State the right to continue to use, or have used, the acquired item, or (2) replace or modify the acquired item so that it becomes non-infringing but only if the modification or replacement does not adversely affect the specifications for the acquired item or its use by State. If neither (1) nor (2), above, is practical, State may require that Contractor remove the acquired item from State, refund to State any charges paid by State therefor, and take all steps necessary to have State released from any further liability. (c) Contractor's obligations under this paragraph do not apply to a claim to the extent (i) that the claim is caused by Contractor's compliance with specifications furnished by the State unless Contractor knew its compliance with the State's specifications would infringe an IP right, or (ii) that the claim is caused by Contractor's compliance with specifications furnished by the State if the State knowingly relied on a third party's IP right to develop the specifications provided to Contractor and failed to identify such product to Contractor. (d) As used in this paragraph, these terms are defined as follows: "IP right(s)" means a patent, copyright, trademark, trade secret, or any other proprietary right. "Acquired item(s)" means the rights, goods, or services furnished under this agreement. "Specification(s)" means a detailed, exact statement of particulars such as a statement prescribing materials, dimensions, and quality of work. (e) Contractor's obligations under this clause shall survive the termination, cancellation, rejection, or expiration of this Agreement. [07-7B105-1]

INTERVENTION OF THIRD PARTY AND ASSISTANCE

In the event that the Contractor does not meet any single deliverable or any other requirement after three (3) attempts, including those specified in the warranty provisions herein, Contractor shall provide at its own expense, subject to prior approval by PEBA as to the identity of the entity performing the services, sufficient additional oversight and assistance as deemed appropriate by PEBA.

Furthermore, PEBA has the option to retain a third party with the financial responsibility for the third party to be paid by the Contractor. This includes, but is not limited to, quality assurance, quality control, and/or independent verification and validation services. Once deployed, these services shall remain in place for such time as PEBA, in its sole discretion, deems appropriate. These services will be at no additional expense to PEBA.

LAWSUIT NOTIFICATION AND COOPERATION

The Contractor shall notify PEBA of any class action lawsuits asserted or brought against the Contractor, which are pending or known to the Contractor as of the date of submission of the proposal as well as any asserted or brought against the Contractor after the date of submission of the proposal and prior to the termination of the contract. The Contractor also agrees to cooperate with PEBA and provide data, information, and documentation necessary to pursue litigation filed by or on behalf of PEBA against any party other than the Contractor.

LICENSES AND PERMITS (JAN 2006)

During the term of the contract, the Contractor shall be responsible for obtaining, and maintaining in good standing, all licenses (including professional licenses, if any), permits, inspections and related fees for each or any such licenses, permits and /or inspections required by the State, county, city or other government entity or unit to accomplish the work specified in this solicitation and the contract. [07-7B115-1]

OFFSHORE CONTRACTING PROHIBITED (FEB 2015)

No part of the resulting contract from this solicitation may be performed offshore of the United States by persons located offshore of the United States or by means, methods, or communications that, in whole or in part, take place offshore of the United States. [07-7B122-1]

OWNERSHIP OF MATERIAL

All data, material and documentation shared by the State with the Contractor, or generated by the Contractor or State pursuant to this contract, shall belong exclusively to the State. All data and other records entered into any database of the State or supplied to (and maintained by) the Contractor for and/or by the State are, and shall remain, the sole property of the State. Contractor shall not, without the State's written consent, copy or use such records except to carry out contracted work, and will not transfer such records to any other party not involved in the performance of this Contract, and will return all records to the State upon completion of the work hereunder.

All reports, bulletins, pamphlets, summaries, similar materials, lists of employees, retirees, or any other program, product, list, or other usable and useful information (including anything generally regarded as a "made for hire" product) shall become and remain the sole property of the State, including, but not limited to, all copyright protections and ownership and shall be released at no extra costs to the State at the termination of this contract.

Copyright or any other intellectual property right or ownership (copyright) of any preexisting items (items not specifically produced herein and which are in existence prior to the start of this contract) shall remain with the Contractor so long as the Contractor lists them not later than the start date of this contract. Failure of the Contractor to list any such materials in which the Contractor asserts a copyright will be interpreted to mean that the Contractor asserts no such ownership interests in any materials.

Any materials in which Contractor copyrighted contents are included, and subject to designation by the Contractor and agreement by the State, will bear the following notice: "Certain portions reprinted under license from _____, the copyright owner."

PRICE ADJUSTMENTS (JAN 2006)

(1) Method of Adjustment. Any adjustment in the contract price made pursuant to a clause in this contract shall be consistent with this Contract and shall be arrived at through whichever one of the following ways is the most valid approximation of the actual cost to the Contractor (including profit, if otherwise allowed):

Contractor agrees that any terms of use regarding applicable services are void and of no effect.

(b) Unless expressly provided in the solicitation, public contracts are not intended to provide contractors an opportunity to market additional products and services; accordingly, in performing the work, contractor shall not – for itself or on behalf of any third party – offer citizens or public employees (other than the procurement officer) any additional products or services not required by the contract.

(c) Any reference to contractor in items (a) or (b) also includes any subcontractor at any tier. Contractor is responsible for compliance with these obligations by any person or entity that contractor authorizes to take any action related to the work.

(d) Any violation of this clause is a material breach of contract. The parties acknowledge the difficulties inherent in determining the damage from any breach of these restrictions. TERMINATION FOR CAUSE

PEBA may cancel the Contract in whole or in part for cause in case of the Contractor's breach, default, negligence or other basis for termination for cause. In such instances, PEBA will provide the Contractor with notice of the basis for the termination in advance, if advance notice does not materially affect the interests of the State, and provide the Contractor an opportunity to cure the basis for termination. In instances where notice is provided, the length of the notice shall be determined on a case by case basis. PEBA may also provide suggestions for remedying the cause but this is at the sole discretion of PEBA. Therefore, in the event of a termination for cause there is no specific duty to provide ninety (90) days advance notice. Further, in the event of termination for cause PEBA reserves the right to purchase any or all items/services in default in the open market, charging the Contractor with any costs over and above the costs that would have applied had Contractor not been terminated. SHOULD SUCH CHARGE BE ASSESSED, NO SUBSEQUENT PROPOSALS OF THE DEFAULTING CONTRACTOR WILL BE CONSIDERED UNTIL THE ASSESSED CHARGE HAS BEEN SATISFIED.

The Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the State in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Contractor.

The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this contract.

DUTIES UPON TERMINATION

Upon expiration or termination of the contract for any reason, the Contractor shall provide full cooperation to PEBA and any successor Contractor so that the transition to the State or a subsequent Contractor will be efficiently accomplished without any disruption in services to the State.

Within ten (10) working days following notice of termination of the contract, the Contractor shall deliver to PEBA a detailed transition plan, including all information regarding current operations requested by PEBA, that the State, in its sole discretion, feels is necessary to effectuate a smooth transition to a successor contractor.

No later than sixty (60) days before the end of the term of the contract, the Contractor shall provide any and all materials, data, records, databases, software and all other things in the Contractor's possession to the State or the successor Contractor at no additional cost to the State.

For thirty (30) days following the termination of the contract, the Contractor shall provide any continuing support and/or information to PEBA and the successor contractor necessary to complete the transition.

In the event that the State has not secured alternate sources for the supplies and/or services under this contract at the expiration of, or following termination of the contract for any reason, the Contractor agrees to continue to perform hereunder at the then applicable prices and terms until such alternate source is obtained and any transition period required to maintain continuity has been successfully completed.

Failure to supply such data within the time periods provided herein, shall result in accrual of liquidated damages against the Contractor of \$5000 per day for each day the data is delinquent beyond the time period specified.

TERMINATION FOR CONVENIENCE -- INDEFINITE DELIVERY / INDEFINITE QUANTITY CONTRACTS (JAN 2006)

Unless the termination so provides, a termination for convenience shall not operate to terminate any purchase orders issued prior to the effective date of termination. [07-7B255-1]

TERMINATION FOR CONVENIENCE (JAN 2006)

(1) Termination. The Procurement Officer may terminate this contract in whole or in part, for the convenience of the State. The Procurement Officer shall give written notice of the termination to the contractor specifying the part of the contract terminated and when termination becomes effective.

(2) Contractor's Obligations. The contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination the contractor will stop work to the extent specified. The contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. The contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The Procurement Officer may direct the contractor to assign the contractor's right, title, and interest under terminated orders or subcontracts to the State. The contractor must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so.

(3) Right to Supplies. The Procurement Officer may require the contractor to transfer title and deliver to the State in the manner and to the extent directed by the Procurement Officer: (a) any completed supplies; and (b) such partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (hereinafter called "manufacturing material") as the contractor has specifically produced or specially acquired for the performance of the terminated part of this contract. The contractor shall, upon direction of the Procurement Officer, protect and preserve property in the possession of the contractor in which the State has an interest. If the Procurement Officer does not exercise this right, the contractor shall use best efforts to sell such supplies and manufacturing materials in a accordance with the standards of Uniform Commercial Code Section 2-706. Utilization of this Section in no way implies that the State has breached the contract by exercise of the Termination for Convenience Clause.

(4) Compensation. (a) The contractor shall submit a termination claim specifying the amounts due because of the termination for convenience together with cost or pricing data required by Section 11-35-1830 bearing on such claim. If the contractor fails to file a termination claim within one year from the effective date of termination, the Procurement Officer may pay the contractor, if at all, an amount set in accordance with Subparagraph (c) of this Paragraph.

(b) The Procurement Officer and the contractor may agree to a settlement and that the settlement does not exceed the total contract price plus settlement costs reduced by payments previously made by the State, the proceeds of any sales of supplies and manufacturing materials under Paragraph (3) of this clause, and the contract price of the work not terminated;

(c) Absent complete agreement under Subparagraph (b) of this Paragraph, the Procurement Officer shall pay the contractor the following amounts, provided payments agreed to under Subparagraph (b) shall not duplicate payments under this Subparagraph:

(i) contract prices for supplies or services accepted under the contract;

(ii) costs reasonably incurred in performing the terminated portion of the work less amounts paid or to be paid for accepted supplies or services;

(iii) reasonable costs of settling and paying claims arising out of the termination of subcontracts or orders pursuant to Paragraph (2) of this clause. These costs must not include costs paid in accordance with Subparagraph (c)(ii) of this paragraph;

(iv) any other reasonable costs that have resulted from the termination. The total sum to be paid the contractor under this Subparagraph shall not exceed the total contract price plus the reasonable settlement costs of the contractor reduced by the amount of payments otherwise made, the proceeds of any sales of supplies and manufacturing materials under Subparagraph (b) of this Paragraph, and the contract price of work not terminated.

(d) Contractor must demonstrate any costs claimed, agreed to, or established under Subparagraphs (b) and (c) of this Paragraph using its standard record keeping system, provided such system is consistent with any applicable Generally Accepted Accounting Principles.

(5) Contractor's failure to include an appropriate termination for convenience clause in any subcontract shall not (i) affect the state's right to require the termination of a subcontract, or (ii) increase the obligation of the state beyond what it would have been if the subcontract had contained an appropriate clause.
