FAQs

Question: If I qualify to purchase Mobile Device Management (MDM) services under this statewide term contract, will I have to change my wireless service from my current provider, or establish AT&T wireless service?

Answer: No. MDM services will be provided by AT&T and your wireless service will continue from your current provider. In order to bill its MDM services, AT&T will establish a FAN (Foundation Account Number) and a BAN (Billing Account Number). This process does NOT require any wireless lines of service.

Question: Will the MDM services only work with certain wireless providers?

Answer: No. MDM services under the statewide term contract are carrier-agnostic. It does not matter who provides your wireless products and services.
